BEARDSTOWN, Ill., April 15.—The river gauge tonight showed the river here still rising one-quarter of an inch an hour. This is the slowest rate of rise in a week and several hundred inhabitants who anxiously awaited the reading immediately took hope that the worst is over and that tomorrow will find the river receding even more rapidly.

Following the offer made by the city of Jacksonville to render any possible assistance to the stricken city of Beardstown, representatives of Jacksonville newspapers, the Chamber of Commerce, Red Cross, and city administration went over to Beardstown yesterday and made a first hand inspection of conditions. A number of business men and city officials were interviewed and the optimistic spirit of the people is still predominating in spite of the fact that the water is continuing to rise and will do so until about Wednesday in the opinion of the citizens of the river town.

The first impression which one gets of the flooded condition of the city is the region at the outskirts of the town where the railroad is under about a foot and a half of water. For about three quarters of a mile the train runs in water which nearly covers the wheels and the traveler is overcome with an uncanny feeling when he looks out of the window and sees nothing but water all around. The tracks are out of sight and the splash of the water on the wheels of the train gives one the impression of riding in a boat.

TROTSKY THINKS RUSSIA HAS WON VICTORY AT GENOA

Says Every Soldier Must Stand at Post for Eventualities

(By The Associated Press)
MOSCOW, April 15.—Leon Trotsky the soviet war minister in an order to the army and navy, quoting foreign Minister Chicherin's disarmament proposals at Genoa and the refusal of vice-Premier Barthou of France to permit their consideration declares that Russia is prepared to disarm and sincerely desires peace. Trotsky expresses the hope that the nation and peoples of Europe will compel the bourgeoisie to listen attentively to Russia's proposals. Meanwhile every soviet soldier must stand at his post fully ready for any eventualities, he says. The Chichester-Barthou incident at Genoa is hailed by the Izvestia and the Pravda as a victory for Russia, even though the soviet proposal was blocked. The Pravda considers it an answer to the American objections to assisting Europe on the ground that European money was being wasted on armies and that it simultaneously reveals the real position of France. The Izvestia declares: "If America has really declared the legend regarding soviet militarism this superstition must fall to pieces now and together with it will disappear also the obstacle to the re-establishment of peaceful economic relations between the two great republics."

OVER SUBSCRIPTION OF TREASURY ISSUE.

WASHINGTON, April 16. An over subscription of the new treasury issue of 3 1/2 per cent six months certificates bearing the lowest government interest rate since 1917 was announced tonight by Secretary Mellon. Preliminary reports he stated indicate that the total subscriptions will aggregate over \$300,000,000 for the issue which was for about \$150,000,000. All the federal reserve districts, he said, have reported over-subscriptions.

ANNUAL BAHAI CONGRESS TO BE HELD

Chicago, April 15.—The fourteenth annual Bahai congress and convention will be held here April 22-26, it was announced today. The Bahai cause is a movement for unity in religion, universal peace and a universal language.

AMENDMENT WILL INCREASE NAVY TO 86,000 MEN

Big Navy Adherents Carry Amendment with Votes to Spare

(By The Associated Press)
WASHINGTON, April 15.—With nearly fifty votes to spare, "big navy" men put thru the house today by a vote of 175 to 30, an amendment to the 1922 naval bill increasing the enlisted force from 67,000 to 86,000. There are other sections to be taken up next week, but the big fight was on the enlisted provision.

The vote was in committee of the whole. When the measure reaches the house proper the demand will be in order for a record vote but the wide margin by which the amendment won means, according to most leaders that the result will stand.

Some administration leaders asserted tonight that the letter presented yesterday from the president urging that the force be not reduced below 86,000 swung the tide in favor of the amendment which was offered jointly by Representatives McArthur and Vane, Republicans.

Fighting to the last, holding his ground thru for solid hours of debate. Representative Kelley in charge of the bill took the defeat with a smile when a roar rising and growing, swept the chamber as the march of members down the aisle for a man to man count showed that the amendment had won.

Representative Kelly as chairman of the sub-committee which framed the bill with its provisions of 67,000 men, less than a navy under the arms conference treaty should have opponents claimed—had the last word in the Lodge debate.

As the gavel tapped the warning that the time was up, the chairman swinging away from the point he was seeking to drive home, namely, that the demand for the increase came from navy yard sections, exclaimed:

Kelley Issues Warning. "Let me say this, we must not permit any group of individuals or any combination of localities to throw themselves across the path of the world in the goal of world progress and peace as set by the arms conference."

Chairman Madden of the appropriations committee said he wanted to warn Republicans that if the right verdict did not come today on the vote it would come today in November when they would be forced to explain why they had failed to bring about economy one of the objects hoped to be obtained by the arms conference.

Mr. Madden asserted the amendment as adopted would add \$60,000,000 in one lump sum to the total of \$233,000,000 carried in the bill.

Representative Padgett, of Tennessee, former Democratic chairman of the naval affairs committee which formerly prepared the naval bills, made one of the principal arguments for the increase asserting the efficiency of the navy could not be maintained without it.

After adopting the Vane amendment the house, without division adopted one offered by Representative McArthur increasing from \$93,000,000 to \$107,000,000 the amount carried for pay of officers and enlisted men in the next fiscal year.

FIVE RESIDENCE PROPERTIES SOLD AT AUCTION

At a public sale held under the direction of Master in Chancery Henry W. English Saturday five residence properties belonging to the Cherry estate were sold. A residence property at the northwest corner of Clay avenue and College street and a residence next to the north were sold to W. F. Horn for approximately \$2,275.

Three residence properties on South East street in the 500 block were purchased by Howard Wamaker for \$1,750. The bids at the figures made were exactly two-thirds of the appraised value of the properties. The master in chancery explained that such a figure will be necessary before the bids could have court approval.

GIRL PROVES HER FIDELITY

Council Bluffs, Iowa, April 15.—Ethel Ruth Hult, 15, whose alleged bogus wedding one week ago resulted in the arrest of Edward Love, 26, of Port Townsend, Washington on a statutory charge proved her fidelity to him today by participating in another marriage ceremony before a justice of the peace. The girl's pleadings resulted in the charge against Love being dismissed.

SEMENOFF MAY BE DEPORTED BY UNITED STATES

Former Ambassador may be Summoned Before Committee

(By The Associated Press)
WASHINGTON, April 15.—A new complication over the presence of General Gregorie Semenov in this country arose today when the senate labor committee sought to subpoena in its investigation of the case, Boris Bakmeteff, the last accredited Russian ambassador to the United States and found its right to do so contradicted under the practice of "diplomatic immunity."

Mr. Bakmeteff sent here in 1917 by the Kerensky government of Russia was not in Washington when the subpoena was issued but it was said at the embassy that immunity would be claimed. Embassy officials added they would suggest to the state department that American statutes making it a punishable offense to attempt to serve a subpoena on an ambassador should be revised.

Senator Borah, Republican, Idaho chairman of the labor committee was not deterred saying that Mr. Bakmeteff's status would have to be determined when it arose thru his failure to respond to the committee's summons. It seemed illogical, the senator said for a man to claim to be ambassador of a government which went out of existence five years ago.

At the same time Senator Borah, who began his committee investigation in an endeavor to develop whether General Semenov should be deported, telegraphed New York authorities asking whether there was any way to punish the former Cossack chief for the murder of American soldiers in Siberia.

The chairman said that in his opinion the evidence collected by his committee during its hearings was sufficient to warrant an indictment for murder if there was any way by which it could be done.

"The evidence leaves no doubt in my mind," said Senator Borah "that Semenov is guilty of the overtone."

The sergeant at arms sent Mr. Bakmeteff the following telegram: "You are requested to appear before the committee on education and labor of the senate on Monday the 17th at 10 o'clock to testify relative to matters under consideration by said committee. Accept this notice as service of subpoena and appear at time named."

MISS FLORENCE COX BRIDE OF JOHN LANE

License to Marry Issued There to Well Known Jacksonville Young People.

A telegram to the Journal by the Chicago Tribune news bureau recorded the fact that a marriage license had been issued there to John Lane and Miss Florence Cox. These well known Jacksonville young people have kept their plans a secret and their friends and relatives here, although aware of their engagement, did not know anything about the marriage date.

The bride is a daughter of Mrs. Jerry Cox of Caldwell street and is justly popular with a wide circle of friends. Since graduating from the Jacksonville high school Miss Cox has spent more than two years in manual study, both vocal and instrumental, at the Conservatory of Music.

Mr. Lane is the youngest son of John W. Lane of 345 West State street, well known merchant. In the war time Mr. Lane served with the U. S. Marines and subsequently entered business in the store of his uncle in Salt Lake City. More recently he had been resident in this city and is employed in the store of Breeden & Dorand.

As indicated, both of these young people belong to prominent Jacksonville families and they will have the good wishes of a large group of friends.

GAUSE BLOCK IS PURCHASED BY LOUIS FRANK

At a public sale held Saturday afternoon at the court house Louis Frank of the firm of Copp & Frank purchased the Gause building on South Sandy street at a cost of \$11,500. The sale was held by Mrs. Pearl Gause and F. E. Farrell as executors of the Bernard Gause estate with Charles M. Strawn as the auctioneer. The attorney for the estate is J. Marshall Miller. The conditions of the sale provided for the payment of taxes and some other costs, so that the total cost was nearly \$12,000.

The Gause building is of substantial construction with three store rooms below and flats above. The property also includes a lot to the south, now occupied by a frame structure. William Coverly, the Purty Candy Co., William Dunavan and H. J. Hammond are the present ground floor tenants.

ALL IN READINESS ANNUAL STYLE SHOW IN NEW YORK CITY

Fifth Avenue Easter Parade to be Multi Colored One

(By The Associated Press)
NEW YORK, April 15.—Father and Mother Knickerbocker tonight were laying out their togs for the Easter Parade on Fifth Avenue. Father wasn't worrying about his costume.

It would be just the usual cut-away and topper with the addition of a spotless necktie and perhaps something new in the way of a walking stick. But mother was a little nervous. Style-makers have been cutting funny capers this season and she wasn't quite sure whether her new tailor-made would be the rightest things or that she had selected the correct color for her bonnet.

Fashion experts when asked what would be the predominating shade on the avenue were uncertain but were inclined to think the thoro fare would look like a rainbow.

Judging by show windows, it is going to be the gayest, brightest, most multi-colored procession New York has ever known. Canary, purple and Vermilion, pink, winkle blue, minimsa yellow and jade green—all were on display and the frocks were as gay as the chapeaux.

And if there was variety in color, there certainly was variety in cut. Footwear too had a way of breaking away from the happy mean. There were the staid old styles behind the glass and in with them a variety of slippers.

Robert Hatfield, doorman at a giant department store for 42 years, was frankly disgusted. Robert—who admits he's a bit of a critic on midday's apparel—contended that style is dead. Ascertaining that he never since the time when shoppers used to roll up to him in their barouches behind spanking teams had he seen such a flagrant disregard of sartorial conventions, Robert gave his solemn conclusion:

"There is no such thing as style now. It's nothing but taste. 'Something has happened and whoever it was one who once said what woman should wear must be looking for a job. Maybe it's the flappers, maybe it's the flapper's mother."

"Women this year are wearing exactly what they please. Look at 'em. 'Paris talks of long skirts. They don't seem very long do they? They say colors are not exactly fashionable. Did you ever see so much color on this street before."

"No, style is dead. If a woman wants to wear purple, she does it. If she likes black, she wears it; if she likes short sleeves she forgets the long ones."

"Once there was some one of the women called 'they' who sat behind the scenes and dictated what the fashion was. Last year the women began to revolt. Now the revolt is here."

BUSHNELL WOMAN IS HURT IN NEVADA WRECK

Reno, Nev., April 15.—Seven persons were injured today when Western Pacific Train No. 2, passenger, eastbound, was wrecked near Winnemucca, Nevada, by a broken rail. All are expected to recover. Among them were: Margaret E. Moore, Spencer, Ind., spine injured; George R. Moore, her son, shin injured; Mrs. Mary L. Ball, Bushnell, Ill., scalp wounds.

The locomotive and baggage car passed over the broken rail but the diner and one sleeper toppled over on their sides. The injured were placed in hospitals.

POPE TO SAY ONLY ONE MASS

ROME, April 15.—Pope Pius will celebrate quietly, saying mass only in the Mathilda Chapel, to which the members of the diplomatic corps, their families and a few intimate friends have been invited.

Announcement was made from the vatican today that the pope would not bestow the benediction from the balcony of St. Peter's as was customary prior to 1870.

The ceremony will be a pontifical mass celebrated by Cardinal Merry del Val, arch priest of St. Peter's.

MANY VETS ARE CARRYING INSURANCE

Chicago, April 15.—Veterans of the world war are carrying insurance with the government aggregating approximately \$3,500,000,000 according to the annual conditions of government life insurance made public today by Director Forbes of the Veterans' Bureau.

UNITED SEARCH WILL BE MADE FOR MINISTER

Bloodhounds Secured from Monmouth to Aid Search

(By The Associated Press)
PEORIA, Ill., April 15.—Bloodhounds brought by the Journal-Transcript by which he was employed as feature writer will arrive here from Monmouth tomorrow morning to assist in the search for Rev. J. W. Leach who disappeared from his home Wednesday night after conducting Lenten Services at the church of which he is pastor.

American Legion Memphis Boy Scouts and 300 citizens will join at 8 o'clock tomorrow morning in a systematic search for Rev. J. W. Leach, missing pastor and feature writer on the Peoria Journal, who disappeared Wednesday night after Lenten Services at his church. Rewards totaling \$380 and expected to pass the \$1,000 mark have stimulated the interest in the search. Every town surrounding Peoria, and the parks here will be searched. Men are patrolling the river tonight.

Working on a report that a man who answers the description of Rev. Leach asked for food at an East Peoria grocery store Thursday night and was later seen walking out on the Lake Erie railroad toward Farmdale, a party combed the right-of-way this morning.

FAMOUS TENOR IS REPORTED IMPROVING

(By The Associated Press)
NEW YORK, April 15.—For the first time in several days John McCormick, the tenor, who has been critically ill of a throat affection was able to take nourishment tonight, according to a bulletin issued by attending physicians.

McCormick has been resting comfortably since 1 P. M. today when antitoxin was administered, the bulletin said.

"He has been able during this period to take a little nourishment for the first time in several days." The physicians announced that it probably would be necessary again to lance the singer's throat tomorrow. They declared they did not believe the operation would be as serious or as delicate as the three that have preceded it.

"I see a ray of Easter hope," the singer's wife said tonight. She has kept an uninterrupted vigil of three nights at his bedside.

Telegrams and cablegrams of sympathy and good cheer continued to pour in upon the singer. One cablegram was from Japan, and a telegram came from Washington signed by two senators.

SON OF JOHN TANNER DIES IN CHICAGO

(By The Associated Press)
SPRINGFIELD, Ill., April 15.—Colonel J. Mack Tanner, son of former Governor John R. Tanner, and a member of the Illinois constitutional convention who died today in a Chicago hospital, will be brought to Springfield for burial beside his father, relatives announced tonight.

Colonel Tanner's illness extended over a period of several months. When the vote in the constitutional convention on the legislative restriction of Cook county approached last winter, Colonel Tanner was brought to Springfield and carried on a cot into the convention where he cast his vote with the restrictionists.

Colonel Tanner was fifty years old. He served as secretary to his father while the latter was governor of Illinois from 1897 to 1901.

During the Yates and Deneen administrations Colonel Tanner was secretary of the state board of charities and for many years he was an officer in the Illinois National Guard.

Colonel Tanner was the sixth delegate to the constitutional convention who died since the convention first convened in January 1920.

BAIN STRINGHAM SECURES ANNAPOLIS APPOINTMENT

State Auditor Andrew Russell who returned to Jacksonville Saturday from Springfield, was in receipt of a telegram from Senator Medill McCormick, announcing that he had secured an appointment to Annapolis Naval Academy for Baine Stringham of Beardstown.

A number of months ago Mr. Russell made application for this appointment on behalf of the young man, who is a nephew of Ralph Stringham of this city. The appointment was somewhat delayed and it is possible now that the young man may have passed the age limit for admission.

CUNARD CARMANIA HAS EXCITING RACE WITH WATER SPOUT

Chases Ship for Miles and Subsides Just as it Appears That it Will Destroy Vessel—Passengers Take it as a Joke at First But Soon Crouch on Decks of Boat in Awe

(By The Associated Press)

NEW YORK, April 15.—The story of a gigantic water spout which chased the Cunard liner Carmania half an hour and then suddenly subsided when it was almost on the hard driven ship was told by officers and passengers when she arrived today after a round trip to the Near East.

The liner was 800 miles out of New York when the spout was sighted. At first passengers said it appeared as a slight disturbance of water about 80 miles south of her stern. Then the waves were twisted and churned and hurled successfully forward with terrific force with an ever increasing volume, while myriad colors played thru the water.

For a time, they said, it stood still, while Captain Melsom after pronouncing it a big water spout, ordered the liner sent ahead at full speed.

The spout seemed to take wings and rush after the big ship. Passengers crowded aft. Smoke belched from the funnels while the Carmania strained every atom of her strength to escape.

Ah the spout traveled it grew larger. It widened rapidly and turned high in the air throwing off tons of spray. Passengers at first thought it only a wonderful phenomenon. They began to bet on its speed on whether it could catch the boat or pass it. Then as it loomed in the Carmania's wake gaining rapidly it suddenly occurred to the passengers that it carried certain death with it—that the race was one for life.

The spout continued to gain until it was almost on the ship. The passengers huddled awe stricken, along the decks watching the oncoming mass of water. It had only to reach out for the ship—and it subsided as suddenly as it had risen. Five minutes later there was nothing to show that there had been any disturbance.

Frederick Pratt, Standard Oil company official said it was the most terrific but at the same time the most wonderful sight he had ever seen.

It seemed impossible, said the statement to get anything tangible from the soviet delegates who astonished the allied representatives by demanding 50,000,000,000 gold rubles as the amount due Russia because of foreign intervention. This is two and a half times greater than the amount the allies claim from Russia.

An Italian statement regarding the meeting was more optimistic. It pointed out that the subjects discussed were vaster in scope than was dreamed of when the Genoa conference originated.

"This," says the statement in answer to the question about the co-existence in the world of finance, economy and commerce of two opposite regimes, capitalism and communism. This morning the experts were struggling in a kingdom of figures and in the afternoon the allied leaders took the discussion back into the kingdom of principles."

The Bolshevik delegates have been asked to expedite the discussion as much as possible.

DE VALERA FOLLOWERS TAKE CHARGE OF TOWN

(By The Associated Press)
SLIGO, Ireland, April 15.—This picturesque Irish town where Arthur Griffith, president of the Dail Eireann is to deliver an Easter address tomorrow in favor of the free state treaty, was full of armed men tonight and reinforcements for the insurgent followers of Eamon DeValera were pouring in from the country. Near every house in the city was a wholesale food command.

It was stated tonight that the insurgent troops intend to allow no civilians on the streets after one o'clock tomorrow afternoon in view of so many armed men. It is feared that few citizens will attend Mr. Griffith's address.

WATCHMAN IS SHOT THRU BREAST

Greensburg, S. C., April 15.—D. S. Mitchell, a watchman employed at the Export Mine of the Westmoreland Coal and Coke company, was shot thru the breast early today. Ferdinand Cicerello was arrested by the state police. It was said the man had been employed at the export mine before it was closed by the strike.

RUSSIAN SOVIET DELEGATION ASKS BIG SUM OF ALLIES

Want Damages in Sum of 50,000,000,000 Rubles

(By The Associated Press)

GENOA April 15.—The Russian delegates were told today to answer definitely yes or no as to whether they will put into practice the conditions of the Cannes resolution and the guarantees contained in London experts report according to a French communique issued tonight to the adjournment of a long meeting between the allied leaders and the Russians.

It seemed impossible, said the statement to get anything tangible from the soviet delegates who astonished the allied representatives by demanding 50,000,000,000 gold rubles as the amount due Russia because of foreign intervention. This is two and a half times greater than the amount the allies claim from Russia.

An Italian statement regarding the meeting was more optimistic. It pointed out that the subjects discussed were vaster in scope than was dreamed of when the Genoa conference originated.

Postmaster General Work is evidencing a sincere desire to maintain, and if possible increase, the efficiency of his department. The postmaster general is asking

newspaper men everywhere to send to him any editorials or comments of any kind with reference to the postoffice department. His idea is that criticism can be made a helpful thing.

Let us hope that Governor Small was not really in earnest about hard roads only for those counties where friends of the governor were sent to the legislature. Morgan county has several stretches of road that should be built this year. Anyhow, on the showing made, this county should be entitled to a 50-50 share in the hard road work done.

CAIN'S GOOD RECORD.

Alderman Cain of the third ward has announced that he expects to be absent from the city for a number of months and that the residents of the ward should vote for some other candidate for alderman at the election, Tuesday.

During his term of office Mr.

Cain has served his constituency and the city well. He has consistently made it apparent that he was working for the best interests of Jacksonville and his whole record has been worthy of commendation.

It can be taken as characteristic that Mr. Cain has made his recent frank statement about his intended absence because of the fear that in leaving later on his action might cause the calling of a special election, with attendant expense for the city. While many residents of the third ward and of the city as a whole will regret any continued absence of Mr. Cain from Jacksonville, they cannot but commend his attitude in announcing his intentions at this time.

THE CIVIL SERVICE ASSAULT.

Down in Washington there has been a great stir over the president's wholesale dismissals in the engraving department. There has been a vast amount of resulting discussion about ruthless disregard of the civil service laws. Some Democratic leaders have been very much saddened by this alleged attack upon civil service, so it has been the duty of a number of Republican senators to dig up a little history on this subject. Here is what Senator Moses said recently in commenting upon the Democrats' tirades:

"I want to say apropos of the performance that has gone on here on the floor of the Senate because of what is described as an outrage, the removal of 27 office holders, if Republican senators eight and nine years ago had devoted their time and taken the time of the Senate in the discussion of questions of that character, there would have been no legislation whatever because we saw Democratic administration come in and absolutely ravage every department of the public service. And then when they had filled all the postoffices with their selections they put over them a blanket of civil service law. I wish to say that the whole pretense in the matter about the Bureau of Engraving and Printing is absolutely childish and ridiculous."

In the course of the debate Senator Herrell, Republican of Oklahoma, brought out the fact that under a law enacted by the Democratic Congress in 1916 there was a provision to the effect that appointments under the law could be made without restriction or limitation but that the civil service rules should not apply for two years, and that during that time thousands of Democrats were inducted into office and then blanketed under the civil service protection.

THE INPATIENT PEOPLE.

The outcome of the primary election in this county developed some surprising phases—notably the vote of Levin. Few looked on his nomination as a possibility. His candidacy was hardly given a thought by men presumably well posted in county affairs. Yet the large number of voters. Dissatisfaction and unrest among a very large number of voters, dissatisfaction and restlessness that usually follow a general election, especially one showing such a complete reversal and desire for

a change in political and administrative policies as the last one, when party lines were so completely disregarded.

The changes could not be accomplished quickly enough to satisfy the people. The members of congress and all legislative bodies move too slowly. The routine of legislative work moves too slowly. In our own vicinity, a farming community largely this has been especially noticeable. This has been shown in Levin's vote. He assumed that all except himself were a little bit off and that he was the only honest person to cure all ills and reform all things. Perhaps not many took him seriously as to his estimate of his own character and ability, yet they were ready to wave a warning, a red light of nearing danger, at the powers that be, and it was well to heed that warning. The people are becoming tired of high taxes, in city, state and nation, and of the slow process toward "normalcy" in business. The result of the primary, however, as to members of the state senate and legislature, was the selection of good men, who are capable and more than willing to do all in their power to secure a legislative program that will further the interests of the state and of the people in bringing about greater economy and efficiency in state affairs.

A SONG OF TOMORROW.

Is the past dead and gone? Then forget it!

Why scourge your soul sick with remorse?

If defeat was your lot, and you met it,

Fight on, while you've courage and force.

Let no vain regrets ever haunt you.

Save your tears till you've good cause to weep.

If the past comes to harry and taunt you,

Forget it and dig its grave deep!

The man who lives in the twilight haze

Of memories bitter or strange or dear,

May find content in remembered days.

But he has no place in the Now and Here.

Shake off the old as you might a thong;

Take up the task of the untried new.

The space of a lifetime is none too long.

And the work of the world is yours to do.

Let the past in its dream be forgotten;

They served well enough for their day;

But now they are threadbare and rotten.

So scrap them and cast them away.

What's done cannot hamper and bind you;

Old words must be traded for new.

Leave yesterday's worries behind you!

For tomorrow is waiting for you!

—Ted Olson, in Forbes Magazine.

Basil Sorrells, Republican candidate for Alderman, second ward, will appreciate your vote next Tuesday.

TO PROPERTY OWNERS

In order to carry out the spirit of the Clean Up Week, Mayor Crabtree has arranged with the contractor for the city garbage to place a dozen teams on the streets Monday morning for the purpose of cleaning the city. These teams will commence at the East end of East State street and go thru the city and comb it thoroughly.

Many people do not consider the fact that the new contractor for the city garbage has a large accumulation of refuse on his hands and that it has rained almost every day for the past three or four weeks. Some of the people fail to realize how many must be taken care of and consequently are rather disagreeable about it. Others are more considerate. These last generally get what they want sooner than any one else. The wagons will work on the paved streets first on account of the condition of the dirt streets after so much rain. Just try and be patient and Mr. Buckthorpe will see that all ashes, cans and table garbage is taken away.

GOOD TASTE IN THE HOME IS DISCUSSED

Mrs. Ethel Undermille Patmay Talks Before Woman's Club—Address Was Heard With keen interest.

"Good Taste in the Home" was the subject of a very interesting, instructive and helpful address made yesterday by Mrs. Ethel Undermille Patmay of Chicago before the members and guests of the Jacksonville Woman's club. This was the regular April meeting of the club and was held at the Odd Fellows Temple on East State street.

Before the address of the afternoon Miss Helen Sorrells of the Conservatory of Music gave a group of violin numbers. Miss Sorrells played "The Hymn to the Sun," by Rimski-Korsakov, "Franko," by Gossack, and "Tambourine," by Gossack. Franko. Following the musical numbers Mrs. A. B. Williamson, president of the club introduced Mrs. Patmay.

In her talk Mrs. Patmay endeavored, instead of telling what should be in a home to make it harmonious, to suggest ways in which home makers may use what they already have without a large expenditure of money. This brought the talk within the realm of practical usefulness for every one present and made its appeal universal. By rearranging and eliminating articles in the home, harmony may be secured. One authority has said "Simplicity is the first essential in governing taste," and this was brought out by Mrs. Patmay as the basis of harmony and unity in the home.

Every one can not have the "House Beautiful," but every one can by skillful rearrangement secure harmony and simplicity. Mrs. Patmay gave a number of color schemes for different rooms in a house. She had with her samples of carpets, fabrics, wall papers, draperies, upholstering, and touches of color as secured in vases, with which she brought out points of unity and harmony in the furnishing of a home. The problem of every home is an individual one and therefore there can be no sweeping generalities in the plans for the furnishing and planning of a home. However the principles of line and color are the same in every case and the speaker brought out principles which may be applied to any home no matter what problem that home presents.

All thru this interesting talk the speaker gave ways and means of using the things which are already available in the home. She gave concrete examples of pieces of furniture which as they stand present ugly spots in the modern home. The hideous bright maple dressing table for instance, may be made an attractive piece of furniture if a little taste is used. The glass, supported by the huge curving pieces of wood, may be detached and hung with a silver cord from the wall. All the ugly brass fixtures may be removed, the dresser itself given a coat of soft grey or ivory paint, a pair of glass handles added as a finishing touch, and the effect is charming. Ugly things which clutter up the house may be removed and by a process of elimination, harmony and grace of line may be achieved.

The essential idea in the attractive and artistic furnishing or arranging of a home is to acquire taste and tranquility. Beauty, order, symmetry, proportion and congruity combine to form the essentials of good taste, and the appreciation and enjoyment of these constitute that which we are pleased to call good taste and harmony in our homes. These qualities result in tranquility and to secure tranquility is after all the paramount aim of every true homemaker.

Following the address of the afternoon attractive refreshments were served in the social room. Mrs. Thomas Heaton was the chairman of the hostess committee for the afternoon and the other hostesses were: Mesdames, E. D. Herald, J. J. Reeve, Clarence York, Carl York, Mae Hitt, Will Heim, M. E. Gilbert, J. F. Claus, Austin Kingsley, Fred Hopper, and Stephen Bergschneider. The Art committee of the club which includes, Miss Clara Cobb, chairman; Miss Elie Trubue, Mrs. W. L. Alexander, Mrs. Henry Goebel, and Mrs. H. M. Anderson, was in charge of the program for yesterday's meeting.

SUIT FILED TO BREAK WILL OF MRS. NEAL

Complainants Seek to Set Aside Document Which Left All Property of Decedent to Edith Neal.

A suit filed in the office of Circuit Clerk Wanamaker Saturday whereby the complainants seek to set aside the will of Caroline E. Neal. The complainants, who are represented by Carl E. Robinson, are Rose Rousey, Emma Crouse, Arthur Martin and Sarah J. Greenwalt, while the defendants are Edith C. Neal, Ella Greenwalt, Lou Brown, Lillie Crouse and Edith C. Neal as executrix of the will of Mrs. Caroline Neal.

It is set forth in the bill that Mrs. Neal died on the 15th day of March, 1921, leaving her heirs at law, Sarah Greenwalt, Ella Greenwalt, Emma Crouse, Lou Brown, Rose Rousey, Lillie Crouse and Edith Neal, daughters, and Arthur Martin, a grandson. It is shown that by the terms of the will that all the property, real and personal, with minor exceptions, is bequeathed to Edith C. Neal. It is the claim of the complainants that Mrs. Caroline Neal at the time she made the alleged will in April, 1918, was far advanced in years and because of weakened mind and memory was unable to make proper distribution of her estate.

It is further alleged that Miss Neal used undue influence with her mother with reference to the will. It is on these grounds that the suit has been brought.

Riverside, Cal. Funeral services

will be conducted Friday afternoon at 3 o'clock in the M. H. Simons & Co., Chapel, Rev. Ira W. Barnett officiating. Interment in Evergreen cemetery."

Mr. T. A. Morrison will be remembered here as the son of Robert Morrison, and brother of John G. and Rev. Charles R. Morrison and Mrs. Josephine Morrison Pierson. Thomas A. Morrison was of the class of '71, Illinois college.

Mrs. Morrison was Miss Hitchcock of Beardstown, Ill., and Norman S. Hitchcock, her brother, was of the class of '62, Illinois College.

An "In Memoriam" in the same paper, said in part:

"Mrs. Morrison was an early settler of Riverside, coming here

in 1888. She was a member of Calvary Presbyterian church, and was much loved by all who knew her. Concerning Mrs. Morrison's character and the inspiration of her life to those who knew her, the following letter was received the day before Mrs. Morrison's death:

"I want you to know, my dear, that you have been an inspiration to me, always so happy, hopeful, and cheerful even when you were suffering, and with all, the dear love for our Blessed Savior, and for His church, shining in your sweet face."

CITY ELECTION IS
NEXT ON PROGRAM

Six Candidates For Aldermen In Third Ward Issue Lively Contest; The Sunday Movie Question Up to the Voters—Polling Places and Election Officials.

The regular city election will be held Tuesday. In addition to naming one alderman from each of the four wards, the question of Sunday movies in Jacksonville will be decided. The form of this question on which the people are asked to register their wishes will be: "Shall the city council of the city of Jacksonville grant permission to motion picture theaters to open and operate shows on Sunday?"

Several months ago when a petition was filed by the manager of the Grand Opera house asking that authority be given for Sunday movies, and later upon request that the question be submitted to the people, the council agreed to this procedure. Although the vote taken will be merely advisory, the council has agreed to abide by the decision of the majority.

The greatest interest in the aldermanic contest is being shown in the third ward, where Alderman John D. Gain, who was renominated as the Republican candidate, has withdrawn from the contest because he expects to be absent from the city a great deal of the time during the next six months.

At the time of the primary Mr. Gain did not have his present plans or he would not have been

a candidate. As the situation is now, William T. Harmon, Ben Owens, Justin Biggs, Fred Jenson and Harry Wells are all candidates. With such a group of independents and the friends that will rally to their support, the third ward contest promises to be very interesting.

In the first ward John W. Baptist is the Republican candidate and will match forces with Alderman Thomas Flynn, the Democratic nominee. In the past there have been some lively aldermanic races in the first ward and Tuesday promises something of the same kind.

In the second ward Basil Sorrells is the Republican nominee and C. O. Swift heads the Democratic ticket. Although Mr. Swift was not a candidate in the primary, his name was written on the ballot by a few of his friends and he thus became the nominee. It is understood that he has not been a passive candidate but has quietly made a campaign which has resulted in the friends and political adherent of Mr. Sorrells feeling that they must get to the polls Tuesday if they wish to make certain his election.

In the fourth ward T. A. Chaplin, Republican nominee is unopposed unless an independent candidacy springs up unexpectedly. The polling places and the officials for Tuesday are as follows:

First Precinct—At Tobin's Store, 1004 East Lafayette avenue. Judges, Mary Shields, Robert Runkle and James Casey. Clerks, Mrs. Frances Tobin, Frank Ferreira and John Shields.

ILLINOIS COLLEGE
NOTES

Illinois College is among a group of institutions selected by the trustees of the estate of the late LaVerne Noyes of Chicago for the distribution of scholarships to ex-service men. LaVerne Noyes was a wealthy manufacturer and inventor. His company did a very large business in the manufacture and sale of aeromotors or windmills. Mr. Noyes is the donor of the Ida Noyes Hall to the University of Chicago, one of the largest and most beautiful buildings for college women in the United States. He also gave a couple of million dollars to the same institution for scholarships for ex-service men and then left the residue of his large estate for the benefit of ex-service men in other colleges and universities.

Not only present ex-service men, but their descendants, for all time to come, are to be the beneficiaries of this residue estate. Five ex-service men are now holding these LaVerne Noyes scholarships in Illinois college. They provide full tuition.

On account of the bad weather last Monday, the college Y. W. girls held their proposed egg hunt for the youngsters, in the gymnasium, and in spite of the weather, the children and the girls of the college had a fine time.

A movement for the establishment of a third men's literary society was started on the campus a short time ago. The large increase in the number of students makes it impossible for the two old societies—Phi Alpha and Sigma Pi, to accommodate all the eligible men who are interested in such organizations. Recently at the instigation of Osage, the honorary senior society, a meeting was called in the chapel of all men of the College who are not members of Sigma Pi and Phi Alpha. At this meeting it was definitely decided to organize a third literary society and a committee was authorized to draw up a Constitution. Nelson Jones '24 was made temporary chairman of the meeting and Lawrence Dale '25, secretary. The committee on Constitution and Organization was instructed to report after the Easter holidays. This movement is only another indication of the large progress which the College has been making in recent years. It is possible that this movement may lead to the reorganization of Gamma Nu, a literary society which existed for a few years in Illinois College, but eventually became extinct when the attendance dropped.

During the windstorm Monday night a large limb from a tree in the grove near the Jones building was blown down. Although the limb measured about ten inches in diameter it fell in such a way that no damage resulted.

Among former Illinois College men who are spending their Easter vacation in the city are Clarence Spaulding '20 and John Corington '21. Both young men are attending the University of Illinois.

The new annual Illinois College catalog has recently come from the press. In its long list of students, increased number of the faculty and greater variety of courses offered, the catalog gives evidence of the continued expansion and prosperity of the College. Provision is made for the appointment of a new instructor in English with several new courses to be offered in that department including specially courses in Journalism, American literature and Chaucer. This new instructor will also offer additional courses in Public Speaking. The catalog also shows the changes made in the requirements for graduation and outlines the new system of honor points. In order to graduate a student will be required not only to pass in a certain number of hours, but he must also accumulate during his four years a certain number of honor points. Professor R. H. Lacey was the chairman of the committee which edited the catalog.

MANCHESTER WOMEN
HAD BAZAR AND SUPPER

Baptist Church Women Realize Goodly Sum From Annual Bazaar and Supper — Other Manchester News.

Manchester, April 15. — The Ladies' Aid of the Baptist church held their annual chicken dinner and supper and bazaar today. There was a large attendance and the dinner and supper menus were tempting and well served. A large number of desirable articles were offered for sale at the bazaar and the patronage was liberal. The ladies realized something more than \$80 as a result of their undertaking.

A Children's Party.
A party was given Saturday afternoon at the home of Mr. and Mrs. J. E. Osborne, in honor of the eleventh birthday of their daughter Cleo. There were eleven little girls present and they played games and enjoyed refreshments of ice cream and cake.

Those present were Mary Ina Wright, Grace Soberman, Geraldine and Marjory Alfred, Dorothy Fern Hanback, Edith Travis, Ruth Rousey, Ruth Seal, Roberta Howard, Freda May Rimby, Adelia Blakeman, Cleo Osborne. The dining room was prettily decorated in yellow and white and rabbits and other Easter tokens were everywhere in evidence. The young hostess received a number of very nice gifts.

Final Examinations Held.
The final examination for 8th grade pupils was held Saturday at the Kellar school west of Manchester, for pupils of the Kellar and Akers schools. The examination was conducted under the supervision of Miss May Greenwalt, assisted by Miss Fay Greenwalt. Albert Sellars was the only pupil from the Akers school, while the following were from Kellar school: Cornelius Woodall, Claude Day, Clarence Dobson, Abner Day, Russell Summers, Harold Summers, Chester Day, Albert Clark, Stanley Dobson, Harold Hubble, Grace Woodall, Elsie Crabtree, Pauline Hubble and Oscar Day. The eighth grade class from Kellar school was the largest in the county.

News Notes.
Misses Irma and Lucille Lakin spent Thursday in Springfield. Their sister, Miss Mildred, returned home with them for a few days' visit.
William Bartlett, Jr., of Jacksonville spent Thursday and Friday at the home of Henry Heaton. Mrs. Guy Brown was a Jacksonville shopper Friday.
Mrs. F. C. Lakin spent Friday with Mrs. A. B. Rochester and family in Roodhouse.
Stanley Funk arrived home Saturday from Champaign to spend the Easter vacation with his parents, Mr. and Mrs. L. C. Funk. Mrs. Owen McCarthy and two children of Winchester are visiting the former's parents, Mr. and Mrs. George Matthews.

John Akere of Murrayville was a caller here Saturday.
Mrs. Meda Andras spent Saturday with her mother, Mrs. C. F. Strang, in Murrayville.

CASS COUNTY TOWN IS MODERN VENICE

(Continued from Page One)

unique appearance plowing thru the water, the waves dashing on either side of the running boards and nothing but the body of the car visible. Red flags and ropes warn motorists and wandering pedestrians that the pavement has caved in and navigation is not safe.

Picturesque Scenes.

In spite of the real tragedy of the event, one is struck with the picturesque quality of the scene. Boats rowing up and down the streets, men and women in hip boots going quite calmly and cheerfully about their business. Water everywhere one looks. Boats stopping at the front doors or drawn up, as in one instance, inside the back door and the family loading some water-soaked possessions into the craft; the bright green tops of little bushes sticking out of the water here and there; a father in hip boots pulling his little youngsters along in a tub; the tips of hitching posts and fences barely visible above the water and innumerable other scenes attract one's attention on every side.

The most remarkable sight of all to the casual observer, is the calm, nonchalant way in which the people stand in little groups in the middle of the streets, knee deep in water, and chat unconcernedly about the happenings of the day. Men stand in groups, leaning against telephone poles one-third submerged in water, smoke their pipes and talk in a commonplace every day fashion. Within a few days the people have apparently become perfectly acclimated to the universal use of hip boots and row boats.

Up to the present time the city has refused all offers of outside help. The city administration thanked Mayor Crabtree and the Chamber of Commerce for the offer of assistance sent to them on Friday. They seemed very grateful for the spirit of helpfulness which Jacksonville has manifested but do not as yet feel the need of any assistance. The property loss which will result from the flood is almost beyond conception. When the water recedes will be the time a full realization of the situation will come. The houses will have to be replastered, new floors laid, basements repaired, new windows put in the store buildings and in some cases the structures entirely rebuilt. Aside from the suffering, the financial loss will be enormous and the city will be sorely in need of aid in rebuilding its ruined homes and business property.

Families Ordered to Leave.

NAPLES, Ill., April 15.—The entire population of the town of Naples—two hundred families—was ordered to leave their homes this morning, and move into tents which have been pitched on a high knoll north of the city.

Fighting the flood, every man in his turn, the men of Naples this morning, lost their fight to retain their homes from the grasp of the flood. By noon today the entire population of 400 families will be forced from home to tent.

Selection of the knoll of ground north of the city was approved by Colonel Tripp, and then he was reminded that General Grant and before him Indian chiefs, had also approved it. It was used as a camping place by General Grant the second night of his march as head of a regiment, from Springfield, Illinois, and has important connection with his later success, his rise to commander in chief, and election to the presidency.

When given the chance to lead a regiment, he was told there was no train service to spare. He immediately answered "We'll go by foot." And he started into the civil war, his destination the Mississippi, on foot, and he camped the second night out, on the knoll of ground, now witnessing what Colonel Tripp says is the "worst flood in Illinois."

camp in army tents on the knoll of ground northward, that Indian Chiefs and General Grant have made famous.

Working with all the energy and coolness of a man, Mrs. John Chambers, the mayor is directing the withdrawal. Every person must leave, whether or not their homes are already flooded, she has ordered, for the sake of sanitation. The town lies in a valley and according to the word of Col. Stephen O. Tripp of the adjutant general's staff, is "in the worst plight of any city in the state."

One levee has broken and another is threatened. When it goes Naples will be under eight feet of water. That will not come however if the labors of all able-bodied citizens can prevent it. Every one able to work on the levee has signed a roll, and irrespective of rank in life, is taking turns about adding sand bags to the barrier.

Sight Seers Warned.

BEARDSTOWN, Ill., April 15.—Alarming sanitary problems and an enormous property damage, inevitable results of the flood, which holds this industrial city helpless in its grip was the food for Beardstown Easter thought tonight.

Beardstown no longer minimizes its condition and looks with serious concern upon the prospects of the future, when the water, which now covers virtually the entire town falls back to the channel of the Illinois river to leave destruction in its wake. Fears of immediate damage are eclipsed by the concern over the future.

FINAL EXAMS HELD AT WINCHESTER

Eighth Grade Pupils in Large numbers Took Final Examination Saturday—Other Winchester News.

WINCHESTER, April 15.—Society Superintendent, Miss Wells held the eighth grade final examination in the grade building Saturday. There were sixty-two enrolled for the examination and in all parts of the county a total of 260 pupils took the examination. This was considered an unusually good showing in view of the bad roads and unfavorable weather conditions.

Mr. and Mrs. Joseph Cowhick of Roodhouse arrived Friday night for a visit with relatives.

The ladies of Rev. W. R. Johnson's class of the Baptist church held a sale of eatables at the W. H. Fath meat market Saturday. There was a window full of good things and all met with ready sale.

James Crabtree and Warren Sweet were business visitors in White Hall Friday.

Mrs. Gladhill of Beardstown is a guest at the home of Mr. and Mrs. M. A. Henderson.

Miss Margaret Crabtree arrived Friday night from St. Louis for a short visit with her parents here.

Basil Sorrells, Republican candidate for Alderman, second ward, will appreciate your vote next Tuesday.

EASTER SERVICES AT CONGREGATIONAL CHURCH

There will be an Easter pageant and cantata presented at the Congregational church this evening at 7:30 o'clock. The enlarged choir will present the cantata, "The Resurrection," under direction of Mrs. A. R. Gregory. This will be followed by the pageant, "The Garden of Gethsemane" on the morning of the resurrection is the first scene of the cantata and Mrs. Gregory will sing as an introduction to the scene. "He Was Despised" from the Messiah. Then the women bearing news of the resurrection appear and later all go to meet the Savior.

As a prelude to the second scene Mrs. Gregory will sing "I Know that My Redeemer Liveth." This scene is in the Garden of Gethsemane after the ascension of Jesus. There will be special costuming and lightning effect and the platform decorations will give the effect of a garden.

The following is the cast of characters for the pageant:

Peter—G. E. Stickney.
James—Alfred Cranwill.
John—Roger Carter.
Andrew—John Putnam.
Philip—Allyn Wolfe.
Thomas—Henry Irving.

THE THIRD WARD CONTEST

A number of candidates whose names will not appear upon the ballot will be contestants for the honor of serving the third ward as alderman. It will be well for the voters of the ward to remember, according to a statement made last night by City Clerk J. E. Scott, that a voter may write the name of a candidate upon the Republican or Democratic ticket.

However, it will not be possible to use separate ballots. Only the official ballots bearing the signature of the city clerk can be used in an election of this kind.

ROODHOUSE READY FOR GONG TO SOUND

Nationals Will Have Several Local Games in Lineup—First Game Scheduled for April 23.

Roodhouse, Ill., April 14.—Roodhouse will have one of the strongest clubs in this section of the state this season. Mr. J. E. Cox arrived in Roodhouse from Jacksonville a few days ago to make arrangements for the coming season. Mr. Cox will have charge of the club on the field. Cox will hold down the first sack and is classed as the fastest first sacker in this section of the state. He will be remembered by the many fans and they will no doubt be glad to see him in the lineup.

Hartman to Pitch
Fred Hartman has been signed by the Nationals for the coming season and will work on the mound. Fred's ability as a twirler will leave no doubts in the minds of the fans.

Clark to Backstop
Clark, the Indians Backstop last season has signed with the Nationals for the coming season. Clark caught several games for the Nationals last season and proved to be a valuable man for that position. Clark sure knows how to use the "Wagon Tongue." Denny to Play Second and Dickson to Play Third.

Denny will hold down his old position, the same as last season and his ability as a second sacker will leave no doubts in the minds of the fans.

Dickson will be seen at short and is a new man in the lineup. The fans will look forward to some fast lightening plays from him. Denny and Dickson will be a hard combination to beat. Dickson to Denny to Cox.

Emert Outfielder
Emert will be seen in his old position in the outfield and the fans will be glad to see him. Emert's pep and ability as an outfielder will keep the visitors guessing. He is some kid with the stick.

The following that are in the lineup and have not been placed, but will be placed in the next few days are: Haven, D. Young; Devlin and C. Forrester.

Fast clubs desiring games with the Nationals will communicate with A. H. Cain, Sec., The American Legion Base Ball Commission, Roodhouse, Illinois, as the Commission are closing their schedule for the season very fast.

ILLINOIS OVERWHELMS RICE IN TRACK MEET

HOUSTON, Texas, April 15.—Rice Institute track team was defeated by the Illinois University in the dual track today, 113 to 173. Rice men failed to capture a single first place.

Illinois went ahead in the first event, when two places were taken by the visiting athletes. From then on the ultimate result of the meet was never in question. Before the first seven events had been run Illinois had won all places, in four events.

To the disappointment of Rice fans, who witnessed the meet, Lindsey of Rice failed to take first place in the 100 yard dash. Ayres beat the Rice star in this event. Lindsey had set a record of 9.4-5 seconds prior to this year, but he failed to live up to the mark today. The time was slightly over his low mark of 10 seconds flat.

I. C. MUST SOON COMPLETE FUNDS

Campaign for Illinois College Endowment Is at Critical Stage—But Few Weeks Remain for Finishing the Task.

The Illinois College endowment campaign is reaching a critical stage. To date about \$350,000 has been secured in pledges. Considering the economic conditions prevailing in the country, during the past year, this result is considered a good achievement. In the total thus far raised is the large subscription of \$125,000 from the Rockefeller Board of New York, subscribed however on the expressed condition that a total of \$375,000 of new endowment be completed by the first of July. This means practically by commencement. The trustees of the college, realizing that only a few weeks remain in which to complete the new endowment fund held a meeting recently at the home of President Rammekamp to consider plans for bringing the campaign to a close. The trustees are working on the following plan, which was adopted about a month ago when about \$35,000 still remained to be raised. They decided to try to find:

- 1 Friend who will promise \$5,000
- 2 Friends who will promise \$2,500 each
- 12 Friends who will promise \$1,000 each
- 14 Friends who will promise \$500 each
- 30 Friends who will promise \$100 each
- Many friends who will give in smaller amounts

Totalling \$35,000. The plan is meeting with a favorable response. One \$2,500 has been spoken for; six alumni and friends have come forward and promised \$1,000 each; two of the \$500 subscriptions have been taken; three of the \$100 subscriptions and several in smaller amounts. In all about \$10,000 has been subscribed since this plan was inaugurated a little over a month ago.

The trustees, alumni and friends of the college thus have before them the task of raising \$25,000 between the present time and commencement. In order to accomplish this, it is evident that friends and alumni who have already subscribed will, if possible, have to add to their subscriptions. The campaign must not be allowed to fail when victory is so near. Every extra dollar given now will save nine or ten dollars for the college. One lady of means in Chicago who had refused to subscribe when the campaign started two years ago has now, in view of the urgency of the stage readily consented to be one of the group of twelve to subscribe \$1,000 each.

Final letters of appeal to non-resident alumni and friends will go out from the president's office during the next week. It was voted by the trustees to make a special effort locally during the week from May 7th to 14th. This will not be a large intensive campaign as was conducted two years ago when so many friends and alumni united in the effort, but

will be conducted by a small committee of trustees and alumni. An effort will be made to see most of the local friends and alumni of the college who have already given to discover whether they will not be willing to increase their subscriptions somewhat in order that thousands of dollars conditionally subscribed may not be lost. Every effort will be put forth to complete the campaign by commencement day, so that the commencement season may be one of joy and rejoicing.

We solicit your ice orders and assure you prompt and courteous service.—**WALTON & CO.**

SUNRISE SERVICE AT CHAPIN CHURCH TODAY

Christian Church to Hold Sunrise Prayer Meeting This Morning—Other News from Chapin and Vicinity.

Chapin, April 15.—The Christian church has been holding special services every night during the past week. Sunday morning they will conduct a sunrise prayer service at six o'clock. Every one is invited and urged to attend this service. Sunday school at ten o'clock, preaching at eleven with special music. Easter service at seven thirty with special music.

At the Methodist church there will be Sunday school at ten o'clock. This is the last Sunday of the contest between classes. Rev. Lough will fill his appointment at Liberty Sunday morning. Preaching service Sunday evening at seven thirty with special music and Easter sermon.

A serious accident occurred Thursday night when the fireman on Train No. 51 coming from the south had his foot crushed under the engine wheels. As the train slowed for the crossing he swung off to investigate some trouble and stepping back up missed his footing and fell in such a manner as to throw one foot under the wheels. His calls for help brought members of the train crew and passengers, also E. E. Sides of the hotel to his assistance. Dr. W. M. Roberts was called and gave first aid. The injured man whose home is in Beardstown was taken on Train No. 28 to Jacksonville to a hospital.

Clean Up and Paint Up

TO MAKE A GOOD GARDEN IT TAKES GOOD GARDEN TOOLS — WE HAVE THEM.

This is Clean Up & Paint Up Week

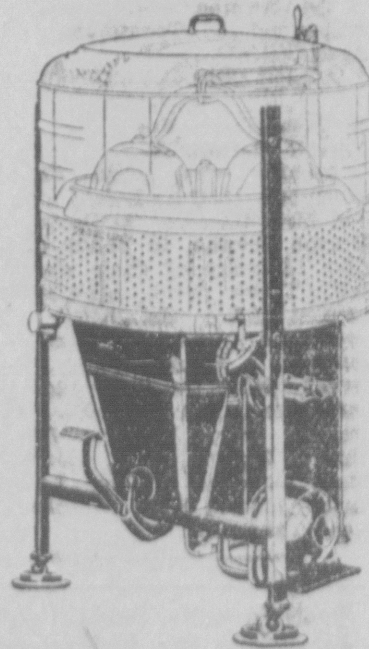

and we want to do our bit, so we have made special efforts in selecting our line-up for this time and are now preparing to look after your wants in the most advantageous way.

We call your special attention to just a few exclusive and distinct lines of strictly high grade merchandise that will be to your advantage to consider this week.

Time and space will not permit us to tell you the many advantages derived from trading with us but if you will call we will be more than pleased to give you the benefit of our experience in the hardware business.

Eclipse Lawn Mower

One of the things that we are as proud of as anything we have sold is the **ECLIPSE LAWN MOWER**, the self sharpener, the self adjuster. You don't have to have a kit of tools to take care of an Eclipse Mower. In fact the only tool you need is a screw driver, and very seldom that. We are safe in saying that the Eclipse is fool proof. Let us show it to you.

The Laun-Dry-Ette Washer

Will wash and wring the frailest of garments without injury; no buttons torn off in drying them and a whole tub full of clothes can be dried **WRINGER DRY** in one minute (60 seconds). With every tub full of clothes you save about from ten to fourteen minutes. If you are wanting a real labor and time saver buy the **LAUN-DRY-ETTE**.

If You Are Wise You will Spray

If your family gets sick you call a doctor; if your stock gets sick you call a veterinarian or you get a remedy.

Now, then, your fruit trees get diseased just the same as men and beasts. We have doctors for all of those ailments for your fruit trees and shrubbery as well as for hogs, horses, cattle, poultry and such.

Use **Pyro** for Your Fruit and Vegetables. Use Standard Chemical Co.'s Dip, Fly Chaser, Insect Powder, Proteal, Hog Regulator, Horse and Cattle Regulator; in fact we have a remedy for all diseases for stock and poultry.

BEAUTIFY THE HOME

We are sure that we can please you in your paints for inside and outside decorations, as we carry regularly in stock about 85 different shades of paints, including **TO-WAUK-ON** Varnish stain for inside work, on floors especially.

A full line of B. & V. Mixed Paints for inside and outside work; also the Velvet Washable Interior for interior decoration, except floors.

Try the B. & V. line and you will be convinced that it is the best ever. Watch our big show window for some bargains this Clean-Up and Paint-Up Week. It will pay you to see our window and walk into our store.

U. OF I. STUDENTS TO INSPECT FACTORIES

Paul Mohn, who has been making a brief visit with his parents, Mr. and Mrs. H. P. Mohn, will leave for Chicago tonight where he will join a group of students from the university of

Illinois tomorrow for a trip of inspection among factories in Chicago and vicinity. The young men in the party are students in chemistry and chemical engineering.

The tour was arranged by the university of Illinois and will be of great practical value to the students. It is not merely a formal inspection trip, as the student will have the opportunity of seeing processes and methods of operation not made available for the average factory visitor.

Attend Westminster Sunday School today. W. J. Brady, Supt. Classes for all ages. Everybody welcome.

WILL MAKE ADDRESS TO VIRGINIA BUSINESS MEN

LINCOLN LETTER IS SENT TO I. C. LIBRARY

Dr. Rummelkamp Receives Photographic Copy of Letter Lincoln Wrote in 1856 to Dr. J. M. Sturtevant.

President C. H. Rummelkamp of Illinois College has recently received a Lincoln memento that will be given a prominent place in the library of the college. It is a photographic copy of a letter written in September, 1856 by Abraham Lincoln and addressed to Rev. J. M. Sturtevant, at that time president of Illinois college.

The letter was written at the time Lincoln was being urged to make the race for congress. The original of the letter is owned by Mrs. Faith Dutch of Massachusetts a daughter of Dr. Sturtevant, and the photographic copy was given by her to Illinois college. The text of the letter, which has been framed for use at the college library, is as follows:

Springfield, Sept. 27, 1856.
Rev. J. M. Sturtevant,
Jacksonville, Ill.

My Dear Sir:

Owing to absence yours of the 16th was not received till the day before yesterday. I thank you for your good opinion of me personally, and still more for deep interest you take in the cause of our common country. It pains me a little that you have seemed it necessary to point out to me how I may be compensated for throwing myself in the breach now. This assumes that I am merely calculating the chances of personal advancement. Let me assure you that I decline to be a candidate for congress, on my clear conviction that my running would HURT, not HELP, the cause. I am willing to make any personal sacrifice, but I am not willing to do, what in my own judgment is a sacrifice of the cause itself.

Very truly yours,
A. LINCOLN.

A very delightful time was enjoyed by all.

Easter Party for Sunday School Class.

Miss Olive Rieman entertained the members of her class of boys from the Grace Church Sunday School, yesterday afternoon at her home 123 City Place. The class included about ten little boys of the Primary department and the party yesterday was an attractive little Easter affair. An Easter Egg hunt and all kinds of other Easter games filled the afternoon hours, and the little guests received favors of little bunnies and Easter rabbits. The hostess served attractive refreshments in keeping with the occasion, during the afternoon.

The members of Mrs. J. W. Gunn's class in Westminster Sunday school, known as the "Hustlers" had an Easter party at the home of their teacher west of the city Saturday evening. There was a waffle supper at six o'clock and afterwards the boys dyed, painted and decorated Easter eggs. Orders had been taken for some of these eggs and the money thus realized will be added to the class fund. The boys also contributed a basket of eggs for the kindergarten department of the Sunday school.

Mrs. Gunn was assisted in entertaining by Mrs. Robert Mutch, and an evening of rare enjoyment was provided. The members of the class were all present and there was one guest, Donald Hess. The class members are Robert Mutch, president; Robert Bentley, Philip Bradish, Warren Kamm, Elmer Smith, Clark Rawlings, Billy Walton.

The "Spring Sale" of Trinity Guild will be held Thursday April 20th in Trinity Guild Hall at 10 o'clock.

An unusual assortment of aprons of all kinds will be displayed. There you will find housekeepers' coveralls or housedresses, bungalow aprons, French Chintz and tea aprons, with embroidery and applique. Serving aprons, fancy dainty and others in endless variety. This department will be in charge of Mrs. George Matthews.

A "Specialty Table" with baskets and other articles will be directed by Mrs. Wm. T. Capps and Mrs. T. G. Ames.

In the "delicatessen" department there will be good things to eat. Here Mrs. Loyd Brown will preside.

A large and varied assortment of woven rugs in beautiful colorings and designs for summer cottages will be shown by Mrs. Chas. Brown.

A "social feature" of the day will be the serving of coffee, sandwiches and doughnuts from 11 to 1 o'clock and "afternoon" tea may be had from 3 to 5 o'clock. Tables may be reserved by telephoning the president of the Guild Mrs. Harry Edgerton.

The Camp Fire Girls, under the guardian, Miss Maud Fawcett will have a candy table.

BEARDSTOWN IS NOT DISMAYED BY FLOOD

Mr. Schaeffer of Illinoisian-Star Writes That Assistance Is Not Needed—Talks Calmly of River In the Streets.

Friday the Journal, the Courier and the Jacksonville Typographical Union sent a telegram to Beardstown Illinoisian-Star, offering to be of any possible assistance. Mr. Schaeffer of the Illinoisian-Star office yesterday acknowledged the offer in the following letter:

Jacksonville Journal and Courier, and Jacksonville Typographical Union, Jacksonville, Ill.
Gentlemen:

Your very kind and thoughtful offer of assistance wired us today, is received with feelings of gratitude and of appreciation of your brotherly sympathy, however, at the present time it does not appear that we will be compelled to take advantage of the offer.

As I write this letter at my office desk the floor of the room is two inches below the present level of the river and the water is kept from the room only by a small dam of sand bags and roofing material covered with sand. As I step from my office door on to the sidewalk I will step into the Illinois river, to a depth of several inches. The pavement in front of this office and a hundred other business houses is filled to the curb and overflowing. The river is flowing down the streets. But you will understand that the water has but small current at this elevation and there is absolutely no danger to life.

No newspaper stories during the past three days have exaggerated conditions.

There was a ray of light this afternoon however. For the first time in three weeks the stage remained stationary for about four hours. Previous to 1 o'clock this afternoon the water had been rising steadily at the rate of 3 inch every hour or 6 inches each day. Suddenly at 1 o'clock this afternoon the rise halted and at 5 o'clock the reading was unchanged from that of 1 p. m.

There were no official predictions however as to the whether the crest of the flood had passed. The weather bureau said the crest would not pass until next Tuesday or Wednesday.

Yours respectfully,
SCHAEFFER PUB. CO.,

BABY BOY DROWNED IN TUB OF WATER

Parents of Sixteen Months Old
Boy Flew Waters Only to Have
Boy Meet Death Here.

After being brought to this city by his parents to escape death in the flood of the Illinois river, Lloyd Baker, son of Mr. and Mrs. Frank Baker, was drowned in a tub of water about 2 o'clock Saturday afternoon.

The Baker family resided on a farm in the Illinois river bottoms southwest of Winchester. Following the recent rains their home was menaced with the high water and the family came to the home of Frank Angelo, 402 North East street, who is a relative of Mrs. Baker.

The body of the boy was found by George Tucker, aged 4 years, who is the child of a neighbor. Dr. Wolf was called but life was extinct on his arrival. A call was sent to the fire department for the lungmotor but the call came as from North West street instead of North East street. The use of the lungmotor was of no avail when it finally arrived at the scene.

Coner Rose also was notified and will hold an inquest probably today. The body was taken to the Gillham Funeral Home and prepared for burial.

Decedent was born in Scott county November 21, 1920. Besides the parents there survive four brothers and one sister: Ross, Harold, Ray, Orville and Bernice.

Funeral services will be held from the residence of Mr. Souza on Hooker street at 2:30 o'clock Monday afternoon. Burial in Jacksonville cemetery.

More Dollar Value Than Ever

SPRING SUITS \$20 to \$60

Men are weighing, as not for a long time, the value of every dollar against what the dollar will buy. We have always given great values; this season we have "out-valued" the greatest values ever offered here.

A Suit for as little as \$20 represents the "heaping-est" value—more wear and style per dollar than you have received in years.

MRS. DOHT RECEIVES NEW PRAISE FOR WORK

Wife of Former Jacksonville Man
Writes Score for Pageant—Also
Composer of Other Songs.

Peoria papers carried stories recently of the musical work of Mrs. Mary Frances Read-Doht wife of Frederick H. Doht, a former resident of this city, together with an excellent likeness of the composer.

Mrs. Doht has written the score for a patriotic pageant entitled "Development and Growth of the U. S. A." The pageant was written by Miss Charlotte Scanes former supervisor of music of the Peoria schools.

It is said that in scoring the music Mrs. Doht has presented a style of composition hitherto unknown to Peorians. There is much music in her score as well as dash and a stirring rhythm that enchants the hearer. The Pageant has been accepted for publication by the Educational Publishing company of Chicago.

At a recent consistory party given in the Masonic asylum Miss Vivian Lee Wilson mezzo-soprano sang various songs which were composed by Mrs. Doht. The composer was at the piano and her accompaniments added greatly to the charm of the various numbers. The group of songs closed with "Bye Lo My Pretty One," one of Edgar Guest's Poems which Mrs. Doht set to music and was a fitting climax to the program.

ALLEN STEWART DIES AT HOME IN WEST

Former Resident Here Succumbs in Denver After Four Week's Illness—Members of Various Local Lodges.

The death of Allen Stewart, for a long period a resident of Jacksonville, occurred at Denver at an early hour Saturday morning. Mr. Stewart and members of his family left Jacksonville about two years ago to become residents of the Colorado city. The deceased was about forty-five years of age and his illness was of several weeks duration, death being due to a disease of the stomach.

Mr. Stewart is survived by his father, Levi S. Stewart living on North Main street in this city, his wife, and three children, Allen M., Harold and Ethel Stewart. He also leaves one sister, Mrs. Glenn Peak, of Los Angeles.

The deceased was a member of Favorite Lodge No. 376, Knights of Pythias; Harmony lodge No. 3, A. F. & A. M.; Urania lodge No. 243, I. O. O. F., and M. W. A.

After holding a position in the store of S. S. Knoles for a number of years Mr. Stewart was in business in Franklin and still later was the manager of a store in Denver. Subsequently the family removed to Jacksonville and for a period of years Mr. Stewart was a member of the sales force of Myers Bros.

The deceased was a man of exemplary life and had the confidence and esteem of all who knew him well.

CASE AGAINST OWEN DRAPER DISMISSED

Owen Draper who was arrested and taken to Carlinville Monday by Deputy Sheriff Home, of that city, had a hearing today and was found not guilty of the larceny charge which was placed against him. The defendant was represented by Judge A. J. Duggan and the prosecution was conducted by States Attorney, Novins of Carlinville. After hearing the testimony the court discharged Mr. Draper as there was no evidence against him. Accompanied by his wife, Mr. Draper returned to his home in this city, Saturday.

ENCOURAGING PICTURE GIVEN OF INDUSTRIAL SITUATION IN ILLINOIS

April Employment Bulletin of the Department of Labor Declares There are Definite Signs of Improvement—Resume of Conditions in Various Trades is Given

(By The Associated Press)

CHICAGO, April 15.—An encouraging picture of the industrial situation in Illinois is contained in the April employment bulletin of the general advisory board of the Illinois Department of Labor, which declared that "definite signs of improvement were in evidence at the close of March."

An increase of 1.6 per cent in the number of employees of 925 firms in a wide range of industries, was reported in the bulletin, which stated that "the changes in employment in Illinois industries were of considerable more importance than in the previous thirty-day period."

"The iron and steel group," the bulletin continued, "including machinery, important not only because of its size, but also in view of the wide range of use of the products, as harbingers of the general trend, made a gain for the month of 5.4 per cent. The wearing apparel and shoe manufacturers made reductions that are regular at this time of the year."

Also a great amount of building work was planned during the month, the work on the projects did not actually get under way so as to cause any increase in employment in the building trades as reported by the contractors. The manufacturers of building materials of all sorts gave employment to more people, however. The figures are for the end of March, and the suspension of operations in the mines of the state is not reflected in the reports.

"This month's summaries are based upon reports from 925 firms, who had 307,019 employees at the close of March, a gain of 4,742 over the number employed on February 28th."

"Employment in all the industries included in the summaries was at the end of March, 7.4 per cent higher than at the end of May, 1921."

The bulletin detailed the situation in various industries, as follows:

"Stone, clay and glass products. The building program brought a 7 per cent increase in this group of industries for the state as a whole. The increase in Chicago was 13.1 per cent. The greatest change in the month was made by the 12 reporting Chicago brick makers who added 24.8 per cent to their working forces."

"Metal, machinery, and conveyances. The gains by this group of industries is probably the most important change during the month. The increase in March in the volume of employment was more than three times the im-

provement in February, and twice that of January. It is the largest change that has occurred since early last fall. Two hundred four firms in the group added workers, 86 reduced and 40 made no change. The increase was largest in the automobile and accessory factories, where a gain of 20.1 per cent was reported. In structural and architectural iron, the gain was 8.1 per cent. Farm machinery manufacturers also had more employees."

"Wood manufacturers. The number of firms making reductions in the number of workers outnumbered the firms making increases 40 to 28. The planning mills were the only exception to the downward trend in employment. Operations remain on a high place above the condition at the end of last May."

"Furs, leather and rubber goods. This group of industries is dominated by the boot and shoe factories, which reduced the number of employees during the month. The factories are making shoes for spring, and production for fall will not start to reflect itself in increases in employment until the report for the close of May."

"Chemicals, oils and paints. The reduction of 1.0 per cent in this group of industries was chiefly occasioned by the group in the factories producing drugs and chemicals."

"Paper and Printing. There was an increase in this group amounting to 2.1 per cent on a base of about 9,000 employees. The large-

THE RESURRECTION

1 And when the sabbath was past, Mary Magdalene, and Mary the mother of James, and Salome, had bought sweet spices, that they might come and anoint him.

2 And very early in the morning the first day of the week, they came unto the sepulchre at the rising of the sun.

3 And they said among themselves, Who shall roll us away the stone from the door of the sepulchre?

4 And when they looked, they saw that the stone was rolled away; for it was very great.

5 And entering into the sepulchre, they saw a young man sitting on the right side, clothed in a long white garment; and they were affrighted.

6 And he saith unto them, Be not affrighted: Ye seek Jesus of Nazareth, which was crucified: he is risen; he is not here: behold the place where he lay.

7 But go your way, tell his disciples and Peter that he goeth before you into Galilee; there shall you see him, as he said unto you.

8 And they went out quickly and fled from the sepulchre; for they trembled and were amazed: neither said they anything to any man; for they were afraid.

9 Now when Jesus was risen early the first day of the week, he appeared first to Mary Magdalene, out of whom he had cast seven devils.

10 And she went and told them that had been with him, as they mourned and wept.

11 And they, when they had heard that he was alive, and had been seen of her, believed not.

12 After that he appeared in another form unto two of them, as they walked, and went into the country.

13 And they went and told it unto the residue; neither believed they them.

14 Afterward he appeared unto the eleven as they sat at meat, and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen him after he was risen.

15 And he said unto them, Go ye into all the world and preach the gospel to every creature.—St. Mark, 16.

CLEAN UP AND PAINT UP PARADE YESTERDAY

School Children Staged Event as Preliminary to Campaign Which Will Be Launched Monday.

The Clean Up and Paint Up Campaign to be staged by the Jacksonville Chamber of Commerce opened yesterday morning with a big parade in which over three hundred school children took part. The children equipped with all kinds of cleaning utensils marched around the business district and gave a good send off to the spring clean up movement for Jacksonville.

The parade was in charge of Louis L. Horen as marshal of the day and the band from the Jacksonville State hospital was at the head of the procession. As the children marched the band played lively airs and helped to make the parade a big success. The children all wore dust caps and cloths tied around their heads and this together with the brooms, dust pans, rakes, mops, brushes, hoes, dustpans, shovels, and other things which they carried gave the line of march quite a picturesque and realistic appearance.

The marchers also carried all sorts of flags, banners, pennants and Clean Up slogans painted on card board signs. "Paint Brush and Paint are your best friends," "Our Eye is on your back yard. Clean Up," "Don't be a slacker," "Dirt breeds disease. Clean up," and other slogans were among the sentiments which the school children carried in the parade to impress upon the people the need for cleaning up Jacksonville.

Following the band Boy Scouts and Jacksonville school children were in the line of march. The military squad, Camp Fire Girls, and Boy Scouts from the School for the Deaf formed an important part of the parade. The parade formed at the high school, went down West State street to the square and circled around the business district before disbanding.

Immediately after the parade was over the Boy Scouts started on their preliminary survey of the city, taking pictures and making a report on all the places which need cleaning up. This Clean Up and Paint Up campaign will continue for a number of weeks and the committee in charge anticipates a great change in outward appearance of Jacksonville during this spring housecleaning campaign.

Leroy Higginson and family of Beardstown have left their home in Beardstown because of the flood, and are residing in Jacksonville for the present. They were taken from their home in a steamer.

The Illinois river at Naples now is the highest ever known in that little city. It has risen four inches since ten o'clock Friday until six o'clock or a steady rise of 1 inch per hour and has reached beyond the high water mark of 1844. The fields two miles west of Bluffs are vast sheets of water and water has begun to creep into some of the basements in the north part of town which are high ground. Cellars and basements in the south part began to fill with water more than a week ago and furnace fires were put out.

The proposition to discontinue the Bluffs community high school was voted upon at the regular polling places in the district today.

The farmers think their taxes are too high and take this means of retrenchment. Retrenchment time has been in order for some time but the public school, the bulwark and hope of the nation, is certainly not the proper place for retrenchment.

Mrs. John Adkins who has been confined to her home for the past two weeks from a severe attack of neuritis and abscesses of the ears is somewhat improved and is now able to sit up for a short time each day.

Mrs. Herman Kund, a former resident of Springfield states that her girlhood home in Beardstown is surrounded by ten feet of water. Mrs. Kund, formerly Miss Wheeler of Springfield is a charming little lady who was active in war work and had enlisted for foreign service.

For a time she was in active service in Chicago and had reached 17 miles from Niagara Falls on her way to France when the armistice was signed. Her greatest disappointment came to her when she did not get to do overseas service. Recently, with her young husband they purchased property and took up their residence on Stanton street in Bluffs.

ARBUCKLE CASE PROVES COSTLY

SAN FRANCISCO, Cal., April 15.—The defense of Roscoe Arbuckle in the three manslaughter trials cost more than \$110,000, not including attorney's fees, it was learned today. The bringing of witnesses from Chicago and other cities entailed the greater portion of expenses.

It is planned to release all of the Arbuckle films that were completed at the time he was arrested, it was learned. Arbuckle has no immediate plans. He refused to appear in a monologue in local theaters.

WILD SCRAMBLE IS CAUSED BY MAY WHEAT

Goes Skyrocketing on Board of Trade Saturday—Flurry Sends It up to Nine Cents.

(By The Associated Press)
CHICAGO, April 15.—With "shorts" struggling desperately to cover contracts in a spectacular rise in May wheat today precipitated one of the wildest scrambles seen on the Board of Trade since the days of the war markets.

The flurry which sent May wheat up 8 1/2 to 9 cents resulted, according to reports from a titanic struggle for the control of millions of bushels of grain. Among those mentioned as taking part in this contest were James A. Patton, Arthur Cullen, Julius Barnes, two Winnipeg men and the Armour Grain company. Other reports attributed the sharp advance in price to a New York exporter and foreign buying.

The market opened dull but it soon became apparent that there was no big supply of wheat for sale and the congestion and excitement increased as advances ran into stoploss buying orders. Eastern and export interests became more aggressive as they saw the embarrassment of the "bears" and as a result of the competitive buying orders rushing in from outside points the local pit shorts were caught in a vise their struggle to cover being shown in a late rally of three to four points on top of the early big advance.

Meanwhile rumors told of frantic efforts made to rush wheat from the Missouri river markets to apply on sales.

The "bulls" or "longs" were said to be banking on the shortage of storage space to accommodate this shipped grain, this being expected to handicap the efforts of the shorts to bring in enough wheat to meet the demand and break a corner if such a thing existed.

Certain interests were said to have 1,300,000 bushels of wheat at Kansas City which they were trying to bring into Chicago and vessel bottoms were said to have been chartered for the transportation of 1,000,000 bushels from Duluth to Chicago which it was said might mean the moving of some Minneapolis wheat to this market.

Board of trade officials scoffed at all of these stories, pointing to the rigid rule of the board against "corners."

They declared they did not believe that any attempt at manipulation was being made.

ILLS OF THE COAL INDUSTRY CANNOT BE LAID TO MINER

John L. Lewis Tells Springfield Midday Luncheon Club

SPRINGFIELD, Ill., April 15.—The miner is not responsible and it is the poor industrial leadership that can conceive industrial improvement only through a debased manhood and a pauper level of existence," said John L. Lewis, president of the United Mine Workers of America today in an address delivered before the Springfield Midday Luncheon Club. Mr. Lewis spoke in part as follows:

"The present strike in the anthracite and bituminous coal industry is the natural sequence of the organized efforts of the coal operators to beat the miners backward to the level of subsistence obtaining in the non-union fields. The miners will not retreat. The human values involved are of infinitely greater importance for the ills of the coal industry and it is poor industrial leadership that can conceive industrial improvement only through a debased manhood and a pauper level of existence. Approximately five millions of the population of our nation are directly dependent upon the mining industry and it is God's will that the children of the mining camps be fed, clothed and sheltered to the same degree as those of other citizens."

"The principles at issue in this great strike will not be compromised by the mine workers. The dream of the coal operators that the mine workers will engage in a multiplicity of conferences and negotiations will not materialize. The union will not dissipate its strength or betray its members by such folly."

"The problems of the coal industry are national in scope and organic in nature. A patient suffering from such an ailment may not be cured by the application of healing lotions to his extremities."

Operators Break Agreement
The operators of the Central Competitive Field have nonchalantly broken their agreement to meet in joint conference and have defined their future policy with all the arrogance of a German war governor jackbooting a Belgian town into submission.

"The agreement thus violated was made by command of the United States government and as yet the government has merely condoned their offense against the moral codes by issuing statements assuring the public that an ample supply of coal would be furnished by fields where non-union operators hold sway by force of arms. Such a statement in itself is an error which the public will later realize."

"When the present state is ended the issues must be settled in a national way. Either the base must be fixed by the Central Competitive Field in the manner heretofore customary or a national joint conference must be assembled with joint representation of each producing field in the bituminous coal industry."

"The competitive relationship of each producing district would then be considered and the interest of each group fully protected. A wage agreement thus negotiated should apply in all districts whether union or non-union and would be a substantial contribution to the stabilization of the industry. Such a plan would doubtless be met with walls of protest from those whose special interests might be affected but the logic and sound sense of such an arrangement will appeal to thoughtful people."

GRADUAL SHRINKAGE LAST TWENTY YEARS IN CONSUMPTION OF MEAT

Statement is Made in the Year Book of Wilson and Company Packers Just Issued—Industrial Depression One of the Causes—Also Propaganda That Meat is Unhealthful

(By The Associated Press)

CHICAGO, April 15.—A gradual shrinkage in the per capita consumption of meat and its products has occurred in the last twenty years, according to the year book of Wilson & Company, packers, just published. This fact, the booklet stated, has an important bearing upon the "present economic position of the producer of livestock and agriculture in general."

It was stated, however, that there had been very little, if any decline in total production of meat in this country during the twenty year period. The production of meat in 1907 was placed at 16,003,000,000 pounds, while in 1921 it was given as 16,160,000,000 pounds, an increase for the period of 157,000,000 pounds. It was pointed out, however, that the "population has grown greatly in the meantime while production has almost been stationary."

"According to the United States department of agriculture," the statement continued, "in 1909 the consumption per capita of dressed meats and lard was 181.5 pounds, in 1921 it was reported to have been 156.1 pounds, a decrease in two decades of 25.4 pounds per capita in annual consumption."

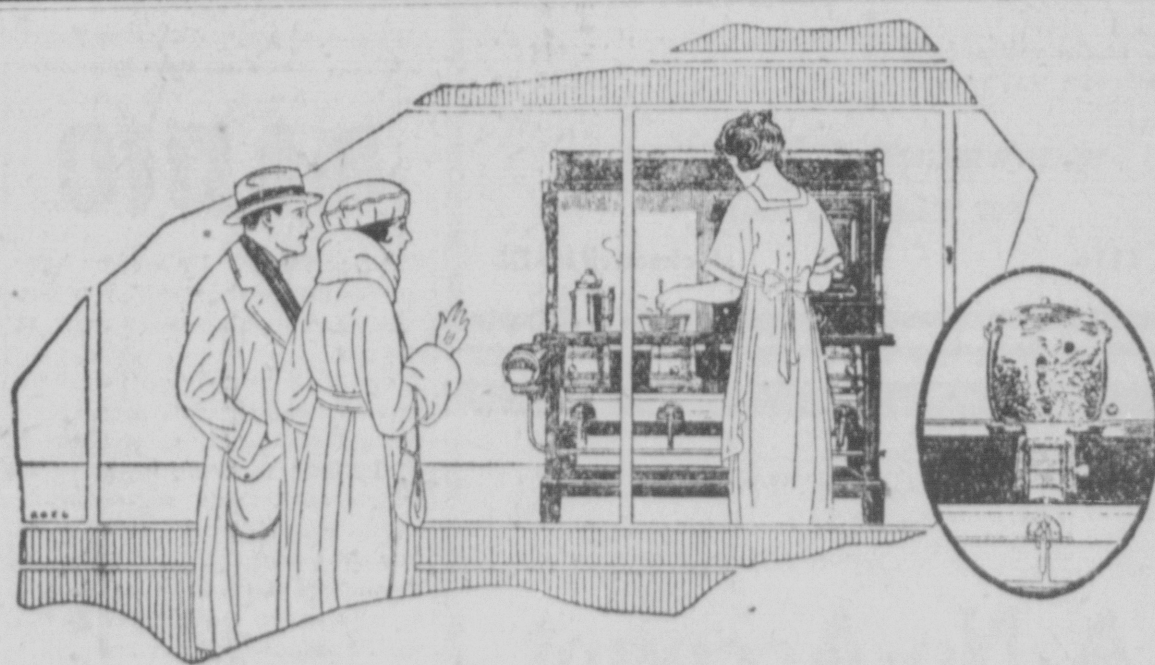

The statement said that if the consumption per capita had been maintained at the rate existing twenty years ago, the inhabitants of the United States, on an average, would have consumed in 1921, 25.4 pounds of meat and its products each more than they actually did consume, a potential loss in meat consumption in one year of almost 2,700,000 pounds.

"Many reasons have been advanced for the general decline in consumption of meat," the statement said. "Among the commonly accepted reasons are that the consumers' purchasing power has been reduced because of the general industrial depression that war-time conservation has affected it; that there is a tendency of nations to convert less grain into meat as the nation grows older."

"While these and similar reasons may have been contributing factors during the past few years, the booklet stated that the Institute of American Meat Packers and other organizations were working to refute what were declared to be untrue statements concerning the food value of meat."

CLOTHING WORKERS TO ESTABLISH OWN BANK
CHICAGO, April 15.—Chicago's 40,000 members of the Amalgamated Clothing Workers of America expect to establish their own bank, to be known as the Amalgamated Bank and Trust company it was announced today. The new institution will open this spring with a capital of \$200,000 and a surplus of \$100,000 it was stated and the funds of the national organization—including 150,000 members will be banked there.

GIRL SCOUTS ON MID-SEA ISLAND
Might as Well Be on Mars— Sometimes Years Pass Without Sight of Steamship.
Between South America and Africa lies a mile of an island called Tristram da Cunha. It is 1,500 miles from the nearest land and so far as isolation is concerned might as well be a part of Mars for frequently years pass without sight of steamship or sailing vessel. Years ago when the last census was taken the population consisted of 119 British subjects of polyglot origin. Some were born on the island and others were cast up on its friendly shores following shipwrecks.
A year ago when a crippled steamer put in at the place, the inhabitants let it be known that they desired a clergyman and the captain passed the word on to London. As a result, the Rev. Henry Martyn Rogers and his nineteen year old wife have just sailed on a Japanese ship which has agreed to drop them off at Tristram da Cunha. They will remain off from civilization for at least a year. The couple will be obliged to take everything—from pins to clothing—they will need until they leave the island. They will carry a two-room portable house and a year's supply of food, for while the island is rich in vegetation, food stuffs, as civilized folks know them, are unobtainable. If they are ill, they will either die or recover, according to God's will, for there is, of course, no physician at hand.
As soon as his house is erected, Mr. Rogers and his wife will organize a church congregation, a day school and a troop of Girl Scouts, or Guides as they are known in the British possessions. The last report show that a considerable percentage of the law-abiding population is made up of girls of Scout age and the clergyman believes that Scout teachings will do as much for them as schools or religion. Once this troop is formed, it will be the most distant from civilization of any extant.
Several years ago the colony took account of its finances and found it possessed \$1.25 in cash. There has been no opportunity to add to the sum since and part of it may even have been lost. But on Tristram da Cunha silver and gold mean little or nothing. The inhabitants of the island have been exceedingly patient in waiting for a spiritual advisor and will unquestionably accord the Rev. Mr. Rogers and his charming wife a warm welcome when they arrive.

ENCOURAGING PICTURE GIVEN OF INDUSTRIAL SITUATION IN ILLINOIS
(Continued from Page Nine)
est increase was in the class including paper bags and novelties, where a net increase of 11.7 per cent is recorded. Several large printers laid off employees during one month, offsetting increases made by the smaller printer, the net losses amounting to 5.5 per cent for all printers.
Textiles. Employment gains were made in each of the five classes in the group, the net increase for all industries being 6.1 per cent. The improvement follows a reduction in February of 3.8 per cent, and an increase in January of 10.2 per cent. The cotton manufacturers added 29.4 per cent to their working forces, this being the largest change for any of the industries. The 10 knit goods manufacturers who compose the largest industry in the group, employed 2.6 per cent more persons than one month previous.
Clothing. Millinery and Laundering. The 19,000 clothing workers suffered a thinning of their ranks amounting to 5.6 per cent. This is a seasonal change. The industry is almost entirely located in Chicago. The negotiations between the unions and the employers resulted in an agreement which assures no suspension of the industry during next month. The mill order houses again laid off employees, the reduction amounting to 2.2 per cent during the month. The active season for the millinery concerns resulted in 12.7 per cent more employees getting work in reporting factories. The shirt makers also had 6.1 per cent more operatives than one month before. The women's wear manufacturers, to the contrary, cut their working forces by 5.0 per cent.
Food, Beverages and Tobacco. The 42,000 employees in the industries of this group were reduced 2.1 per cent in number during the month. The coming of spring reduced the operations of the packers by 2.5 per cent. A gain of 9.0 per cent was made, however, by the flour mills.
Building and General Contracting. The reports from 79 building contractors show that building work in a large way did not get started during March. Although several large projects were started, they were not sufficient to offset the reductions in employment by others, and a loss of 6.2 per cent in the number of workers is shown.

DANCE REVUE IN "FOLLIES" AT THE GRAND TUESDAY
One of the very striking and artistic features of the Dunbar Opera follies, which comes to the Grand theater next Tuesday evening, is the Kingdon Dancers, an ensemble which is in conception and delineation evanescent, futuristic, diaphanous and withal, surprising. The charming young ladies roll off thru one of the most delightful interpretive dance ensembles terpsichorean art has devised. One principal scene is that of the Greenwich Village ensemble, in seeing which, one's recognition of it's newness is mingled with astonishment at it's daring. Not that it is an "undress" act, but in the realization of novelty of presentation, eccentricity and alluring beauty of costuming.
It is a peripatetic of dance and vision recently described as a "Ballet des Artistes," and it all of that and more. The principal danseuse is Miss Grace Gentmore, a great-granddaughter of the American novelist James Fenimore Cooper, whose "Leather Stocking Tales" are found in every municipal library.
Principal roles are also danced by the charming Newton Twins—several feature dances to the Follies grand ensemble.

NEW RESIDENT BREAKS ALL RECORDS FOR RAISING CHICKS
A novel experience was called to the attention of Mrs. R. E. Gilbert poultry specialist in the employ of Cains Mills last Thursday afternoon. As Mrs. Gilbert was passing the home of Mrs. J. C. Swain on West North Street, she called in to see the young chicks. Mrs. Swain was all excited over the fact that she had hatched 200 Plymouth Rock Chicks and they were ten days old. She has been feeding them nothing else but Purina Chicken Chowder and Baby Chick Chow and she now counts them up and finds 204 instead of the original 200.
Mrs. Swain says there is no other city outside of Jacksonville where chicks will grow like that.

Do You Sleep Well?
No—We are Not Doctors—We Sell Mattresses
Real Rest Depends Largely on the Mattress and Nothing But a Downy Layer Felt Mattress Can Be Truly Comfortable
This is a real 26 layer felt mattress made of fine cotton felt (built and not stuffed). Three rows of side stitching prevent it spreading and a sun bath is all that it needs to keep it soft and new. Don't think that because the price is low that this mattress is not as good as we say. Just compare it with anything at \$18.50. It is a real \$18.50 value. Just special this week at **\$12.50**
Read the Description of This Davenport
and then after you see it, compare with those that others ask \$12 to \$15 more for. Heavy all oak (no veneer) frame, wide 4 inch arms. The bed inside is the famous SIMMONS spring. The upholstery is on all steel (no twine tying) springs. The lining is canvas (no burlap) and the covering is "MULESKIN" imitation Spanish leather, twice as heavy and guaranteed fully at **\$45.00**

The HOOVER
It BEATS... as it Sweeps as it Cleans

Clean Your Rugs Clean at Home
Save yourself the cost and inconvenience of having your rugs taken up and cleaned twice a year. Save the embarrassment of having them look dim and clogged with dirt between times.
Get a Hoover and enjoy the pride of lovely, clean rugs the year around. Dirt gets into your rugs every day. Much of it sifts into their depths to cling and stay, immune to hand sweeping. Rapidly it accumulates. Germs swarm in it and menace health.
Shoes press the soft rug nap upon this dirt, composed largely of sharp grit. The nap is thus ground off. Your rugs grow threadbare, years too soon.
Let us show you how The Hoover electrically beats out all such germ-laden nap-destroying dirt from rug depths, thus safeguarding health and preserving your rugs from wear.
In addition, The Hoover electrically sweeps up stubbornest litter, erases crushed nap, freshens colors and powerfully cleans by air—all in one easy, rapid, dustless operation.
Phone us today for a free demonstration in your home of The Hoover and its air-cleaning attachments.
Remember, the Hoover is guaranteed by the oldest and largest makers of electric cleaners, and we back that guaranty in this city with our unqualified endorsement.
You can OWN a Hoover on convenient terms of payment—only \$6.25 down and similarly small payments each month.

STRIKES NOT ALWAYS HARMFUL

Roger W. Babson Shows Economic Effect of Present Unrest

Wellesley Hills, Mass., April 15th.—Are coal strikes, textile strikes, men's clothing strikes, responsible for the falling off in business during the last few weeks?

Answering this question and the general question of whether recent industrial unrest will postpone by a full year Roger W. Babson, statistician, outlines the situation as follows: "Business men should not get faint hearted because of these strikes. Strikes are not always an economic loss. If the country were today using coal as fast as it could be mined and the coal strike resulted in shut-

ting down factories, such a strike would be an economic loss. Strikes, however which occur during periods of depression are usually not economic losses. It is not an economic loss to have this coal strike continue until the great surplus stocks of coal are used up. It is not an economic loss to have the textile strike continue so long as the supply of manufactured goods exceeds the demand. We are simply using our surplus stock and the unemployment is coming all at once in bunches instead of being distributed over a long period.

"A strike today in most industries is a good deal like damming a stream of water. The water is not destroyed, but it is simply being held back. The water could be dammed for a month or three months; but when the dam finally is opened the water will flow down stream and do its work. The situation in the basic industries today might be compared with that stream of water. The strikes are having the effect of damming up the flow of business; of retarding the flow of the stream, but they are not destroying the markets. Until these reserve piles of coal, cotton and woolen goods, and men's clothing are used up, there is little economic loss.

Weather Retards Business.
"A factor that has retarded business this spring is the condition of the weather. Reports from all sections of the country show that the weather the last few weeks has been very unusual. To a certain extent irregular weather conditions are also damming the stream. You may delay the purchase of that new summer suit, but you will get it just the same. The weather is a great factor in determining when women make their purchases but does not ultimately prevent sales. The weather this spring has been very unsatisfactory from the textile point of view. Probably no one thing would aid so much today in settling the textile strike in New England as about two weeks of good warm weather.

"Another factor bearing upon this same situation is the lateness of Easter this year. Easter comes the 16th of April, which is very late. Easter or the week before Easter, is the opening of a number of lines of industry and this lateness of Easter has delayed such business. Hence, the cotton industry is quiet, the sales of raw wool have fallen off. Leather, household furnishings, jewelry and a number of those industries which are closely connected with the person and the home are exceptionally quiet this spring and more so than around the first of January.

"Yet, there is more activity today in steel, iron, copper, and the metals as a class than there has been for some months. The lumber market is in a stronger position than it was a year ago, especially the better grades of lumber. Hardware and other building materials are in greater demand. It appears that the railroads are coming in again into the market. The railroads are the greatest purchasers in the country in normal times and to have the railroads come into the market "When one takes a cross section of business today, he divides all industry into two main groups: One group is engaged in manufacturing clothes, household furnishings and the various things that we buy this month or next month just as we see fit. The industries engaged in making these things have been quieting down the past few weeks. The other group consists of those industries connected with the permanent development of cities, railroads and public utilities; there is more activity today in these industries which supply materials to these constructive forces than there has been. A man may make more money in selling shirt waists to women than in selling bricks to men, but fundamentally the country is much better off in having labor used to make bricks to erect buildings of permanent value.

May Soon Judge Crops.
"Crop reports are just beginning to come in so that we can judge something regarding the 1922 crop situation. From apparent figures so far the winter wheat yield for 1922 will be about the same as 1921. The last estimate is for 573,000,000 bushels for 1922 as compared with 587,000,000 bushels for 1921. Kansas, which looked very bad a few weeks ago, now looks much better. While the average for the state is only 65 per cent some parts show an average of 90 per cent.

"The reports of wheat and corn have been very satisfactory the past few weeks and the farmers

PUBLIC SALE

The undersigned, administrators of the estate of John Barber, deceased, will sell at public vendue to the highest and best bidder at the late residence of the said John Barber, deceased, two miles north of Jacksonville, Morgan County, Illinois, on Monday, April 17th A. D. 1922, at two P. M. the chattel property belonging to the estate of said decedent.

Terms of Sale: Cash in hand on day of sale.

have been greatly encouraged by the better prices of cereals; also by the loosening up of money and the decline in the interest rates. The farmers are also delighted with the new Tariff Bill. The Senate is likely to recommend a duty of 30c a bushel on wheat, 15c a bushel on Rye, and 15c a bushel on corn and oats. Whether or not these duties if put into effect will do the farmer any good in the end is debatable, but at the present time, they are putting courage into him and the entire Central West feels much better than it did around the first of the year.

"Hence, as I review the situation I feel at heart very much better regarding the business outlook because of the present willingness of men to put their money into bricks, new roads, the developing of water powers, and the strengthening of the railroads all of which lays the foundation for a future period of prosperity."

General business meantime as reflected in the index of the Babsonchart has slowed up a bit and is running at 14 per cent below normal as compared with 20 per cent a week ago.

CLEAN UP WEEK

All residents and property owners in South Jacksonville are hereby notified to clean up their premises during the week commencing April 17. On April 20th and 21st the Village will remove, free of charge, indestructible rubbish placed in front of residences.

for life. That's what we will pay your wife when the family income is stopped by your death. It will take you many years to save enough to give your wife an assured income of that amount. You may never save that amount of money and yet live to a ripe old age, or you may die before you have made a good start.

The average man can easily carry a Monthly Income Policy paying his wife that amount, or less, for life. This is cheaper than the usual form of old line life insurance and besides is safer and more satisfactory for her. If you leave her a large amount of insurance money she may not invest it wisely or safely. A large amount of money may dwindle or become wasted within a very few years. The Monthly Income Policy prevents all this. It's permanent.

Every year your chances for passing a life insurance examination are lessened. When you awake to the realization of your need for insurance you may not be able to get it. And remember, too, there's no easy time to buy insurance. It's all in making up your mind.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

England has issued nearly 10,000,000 war medals.

The annual pension bill of the United States is \$26,000,000.

It is unlawful to use the American flag on stationery in New York state.

To train 16,000 aviators during the World War cost the United States \$22,000 each.

More than 46,000 former service men are enrolled in the American Legion in Pennsylvania.

The United States Treasury is paying pensions to 60 widows of the War of 1812, and 2000 widows of the Mexican War.

Of the bonus money paid by the State of Ohio to her former soldiers, 43 per cent of the men are putting their savings in banks.

Of the 200,000 negro soldiers

sent overseas during the World War, battle deaths amounted to 474, while the total deaths were 9,765.

Seven military training camps covering all branches of the service, will open in the 2d Corps training area August 2. New York is the headquarters.

Because of the enthusiasm for military training exhibited by young men in Porto Rico, a training camp is to be established on the island by the War Department.

To keep the bodies of former soldiers from being buried in Pottery fields, the American Legion of Wisconsin has purchased a cemetery plot of its own at Racine.

The United States army correspondence courses will require 78 hours' hard work on the part of the student of the infantry cavalry, coast artillery and field artillery.

Power than 2000 of the 16,000 men trained as aviators by the United States during the World War are now engaged in flying, either for military or commercial purposes.

According to a German statistician 46 men were killed and 109 wounded on the German side during every hour in the World War. This estimate was made from a study of official records.

Soldiers who possess a Congressional Medal of Honor receive a pension of \$2 a month in addition to regular pay. The payment ceases when the soldier is discharged from military service.

Pilots in the United States Army air service last year in 39 fields throughout the country made cross country flights totaling 5,063,903 miles. This is a distance 202 times around the world at the equator.

One hundred and sixty-four army officers are to be relieved from duty in Washington before the end of the present fiscal year and assigned to field service. The list includes colonels, lieutenant colonels, majors, captains and lieutenants.

A new type of military airship was recently tested by the army air service at the experimental station, McCook Field Dayton, O. The ship is non-rigid in type, is 17 feet in length has a gas capacity of 130,000 cubic feet, and carries a crew of eight men.

As a measure of national defense, the War Department is making plans to establish an air route to the Panama Canal Zone. Landing places will be surveyed and selected army planes will be sent to the zone under their own power.

Contrasting with other leading Powers the size of the army in comparison to the population the number in the American army for 1921 was 1.42 per 1000 population, while the number in Great Britain was 7.34; France, 14.47; Italy, 8.17; Japan 5.4, and China 4.03.

Since January, 1920, the Allied Commission of Aeronautical Control has destroyed 14,800 airplanes, and the work of disarming Germany in the air is ended. Of the 29,500 motors handled, some have been turned over to the Allies, but the greater number has been broken up.

To provide means of identification of World War veterans in cases of mental affliction or other emergency, the American Red Cross Chapter of Pittsburgh, Pa., is preparing to install a thumb print bureau. Thumb prints of former service men will be obtained in the ordinary course of interview.

The Knights of Honor, an organization of holders of the three Congressional decorations for val-

or, has opened headquarters in Seattle, Wash. The organization is open to winners of the Medal of Honor, Distinguished Service Cross, and Distinguished Service Medal. More than 5000 persons are eligible for membership. The Federal Government has been paying compensation to a one-armed negro, James R. Williams, for injuries supposed to have been received in France during the World War. He confessed, under cross examination, that he lost his arm in a railroad accident at Rocky Mount, N. C. It was claimed that Williams has never worn a uniform.

Parents are especially invited to the children's exercises at 2:30 p. m. Special plans have been taken in all of the exercises in honor of the Resurrection Day.

First Baptist church—Easter services in the Sunday school at 9:30 a. m. will commemorate the resurrection of our Lord. Evangelist Dunk will have a special Easter message for the combined school. The morning church service at 10:45 will carry with it the Easter thought. Evangelist Dunk will preach on the subject, "Getting Past the Grave." The music by the mixed quartette will consist of the anthem, "Easter," by Jean Bohannon, a solo by Mrs. Hackett Wilder entitled "The Cross," and a second anthem by the quartette, "As It Began to Dawn," by Charles Vincent. The idea of the resurrection will be illustrated by a baptismal service, both morning and evening. The Hospitaller Commandery, Knights Templar, will hold their Easter service at the church at 3 p. m. Sir Knight A. P. Howells preaching the sermon on the subject, "The Sepulchre in the Garden." Both B. Y. P. U.'s will hold their services at 6:30 p. m. the subject being, "Citizens of Two Worlds," an Easter theme. The closing service of the two weeks' revival meeting occurs at 7:30 p. m. Evangelist Dunk will preach on "The Walk to Emmaus." Fine service of song. Baptism Prayer meeting will be held on Wednesday at 7:30.

Salem Evangelical Lutheran Church, College and East street—Rev. J. G. Kuppler, pastor. Easter Sunday. Sunday school at 9 a. m. Public worship in English at 10 a. m. and 7:30 p. m. German at 11 a. m. Theme of morning sermons: "Christ, the Lord, is Risen Today." Evening: "The Appearance of the Resurrected Christ to Mary Magdalene." The Luther Walthers Circle will meet at the school Thursday. A cordial welcome is extended to all services.

Congregational Church—George E. Sticken, pastor; Mrs. A. R. Gregory, choir leader; Mrs. G. E. Sticken, organist. Church school at 9:30. Deon G. H. Scott, superintendent. Dr. Post's Bible Class meets at 10. Morning service at 10:45 sermon by pastor. Subject "The Power of an Endless Life." Evening service at 7:30. The cantata "The Resurrection" by Manney will be given followed by the pageant "The Resurrection of Peter." Other appointments for the week as follows: The scouts and campfire groups will meet as usual. Tuesday, the women will have an all-day sewing. Wednesday, Rev. L. Curtis Talman will address the mid-week

meeting on the Romance of Church Work. You will be welcome.

Centenary Church—C. D. Robertson, pastor. Taster is, of course, the greatest day in the christian calendar, and it should be the greatest day in the experience of the individual christian. It should be a day especially devoted to the contemplation of the higher phases of the spiritual life. There will be an Easter lesson in the Sunday School and there is a class for everyone. The morning service will be devoted to the Easter festival, with a wonderful program of music by the quartette, sermon by the pastor, and reception of members. There will also be an Easter talk for the Goto Church Club. The Epworth League will be led by the Rev. Mr. Robertson with a special Easter message. The evening service will be informal. There will be a great deal of music, vocal and instrumental, and a short address and a reading by the pastor. On Easter Sunday, the church where the folks are glad to see you, especially welcomes everyone to the services.

First Church of Christ Scientist, 523 West State St., Sunday morning service at 11 o'clock. Subject of the lesson sermon "Doctrine of Atonement." Sunday school at 9:30 Wednesday evening testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

Westminster Presbyterian: Corner of West College Avenue and Westminster St. Easter service will be held at 10:45. Miss Edna Hackett will act as chorister and will sing "Christ is Risen" by Scutt and "Ye Bells of Easter Day." The Junior Congregation choir will also take part under the leadership of Frank Collins. Dr. Smith will preach upon "Our Insurance Against Death." The Christian Endeavor societies will meet at 6:30 p. m. and have for a topic "Citizens of Two Worlds." Rom. 12-12; Philippi 3:13, 14, 20; 1 Peter 1:3-5. At the evening worship there will be given the first three reels of the superlative religious film "Joseph and His Brethren." This is one of the impressive Old Testament stories, delineated with vividness. Dr. Smith will preach upon "The Secret of Joseph's Success." Miss Hackett will sing. On Wednesday evening the 19th there will be given a remarkable stereoptican lecture upon "Mr. American meet Mr. Slav." This will be illustrated with 60 slides. Everyone invited. The movement toward Protestantism in Czechoslovakia will be described.

Grace Methodist Episcopal church, Thos. H. Tull, pastor. Many of the college students will be away from Sunday school. Unless others take their places our attendance will fall considerably below the fine record of the past few Sundays. Do not fail to be on time. In the evening Thos. Buckthorpe will precede the pastor's sermon with an address on Sunday movies. Everyone should hear what a movie manager thinks of the proposition on Jacksonville. Theme of evening sermon "The Supreme Task of the Church." An opportunity will be given Sunday morning to unite with the church. All those who have recently decided to begin the Christian life should unite with some church. Intermediate league at 2:30 Epworth league at 8:30.

PAIGE

The Most Beautiful Car in America

You Can Now Own the Master of the Highway for \$2195

UNDER the hood of the Paige 6-66 is a mighty 70-horsepower engine that performs its work with the ease and smoothness of a giant turbine. This vast reserve power means not only great performing ability but long life and uninterrupted service.

Remember, that the Paige 6-66 Daytona model holds every world's stock chassis speedway record from 5 to 100 miles. Here is proof, not only of superb performance, but heroic strength and stamina.

You should ride in the 6-66 to learn the zest of ample power and perfectly balanced chassis construction. Then you will at once notice the benefits of 131 inches of wheel base and 61 inch rear springs.

And remember that the Master of the Highway is now yours for \$2195.

THE JUDAS TREE.

My flower was white—
In a single night
The curse was manifest;
Lo! every bud
Was steeped in blood—
Thus morning found me drest.

At Easter tide
The traitor died
Suspended from my limb;
In every clime
Since ancient time
I don the surplice grim.

O mystic sign
Incarnadine
Of Him who paid the price
Of mortal sin
And error, in
Immortal sacrifice!

—JOHN KEARNS.

EASTER MORN.

The warmth of glowing sunshine
Displaces Winter's night,
And birds from out the Southland
Are returning from their flight.
The goddess of the springtime
Has called the April showers
To visit all the woodlands
And wake the sleeping flowers;
Whilst Nature wields her pencil
In every mossy dale,
And touches up her darlings
To adorn the Easter rail.
In praise of Him who, risen,
Rolled the stone away,
And stepped from death and darkness
To point the living way.

—SUSIE A. HUGHES.

ARENZVILLE PEOPLE LEAVE FOR ARKANSAS

Mr. and Mrs. Fred Engleback Make Trip to Hot Springs — Other News of Interest From Arenzville.

Arenzville, April 15.—Mr. and Mrs. Fred Engleback left this week for a pleasure trip to Hot Springs, Ark. There they will join a party including Dr. and Mrs. J. M. Swope and Mrs. Lydia Englebach. They expect to be gone from Arenzville for several weeks.

Mrs. Marcus Weeks and son, Harold of Texas are visiting relatives and friends here this week.

Edward Hierman is a business visitor at Springfield this week.

Homan Dahman and Fritz Englebach, students of Illinois college, are spending their Easter vacation with their parents.

Edward Shrewsbury and Oscar Neiman were among those who went to Beardstown Sunday to view the high water.

Miss Ator of Beardstown is a guest this week of Mrs. Lee McGinnis and family.

Lee McGinnis was a business visitor at St. Louis this week.

Miss Lena Snyder a nurse in Springfield, was a guest of her sister, Mrs. Dahman, and her brothers Fred and John Snyder, the past week.

Mr. Gibbons of north of town was a business visitor here Tuesday.

Mrs. Henry Zahn returned from Beardstown Friday where she was a guest at the home of her aunt, Mrs. Matilda Hinner.

Mr. and Mrs. Conklin and daughter were at Beardstown recently for a visit with friends.

Mide Hierman was a business visitor Thursday in Beardstown.

Dr. Louis Albert Banks, celebrated chautauqua lecturer and journalist, will give an address in the Centenary Methodist church Thursday evening, April 20th at 7:30 o'clock.

Dr. Banks is the only one left on the platform who was a famous prohibition orator before Kansas went dry. He has the scar of the Saloon advocates bullet in his body that if forty years old, no man on the platform today is more viril with power or more awake to the dawning of the new world movements than he.

Dr. Banks has campaigned for prohibition in every state. He has the sunny face, the sparkling eye, the hearty laugh that puts his audience in a happy humor.

Be sure to hear Dr. Louis Albert Banks on "World Wide Prohibition Coming and America Leads the Way." Centenary M. E. church, Thursday April 20, 7:30 P. M.

OBITUARY

Ida Mae Ketner, daughter of Jefferson and Caroline Ketner, was born in Murrayville, Ill., Sept. 23, 1869, and departed this life April 11th, 1922, aged fifty-two years, 6 months and 11 days.

Her death was very sudden, having appeared in her usual health during the day and until fifteen minutes before she passed away.

On December 25, 1890, she was married to Charles Mick, who departed this life four years ago. To this union was born a son who died in infancy.

Since the death of her husband she has made her home with her brother, Julius.

She was converted and joined the M. E. church of Murrayville early in life and lived a life consistent with her profession.

Deceased was a woman whose great delight was in the home. However when help was needed she was ever ready with willing helpful hands. She won many friends by her cheerful disposition.

Col. Smith states that he will give the public full information as to the training camps and quota of young men that this country will be entitled to at a date in the near future.

Deceased is survived by the following sister and brothers, Mrs. H. U. Osborne and Julius of Murrayville and Edward of Jacksonville. One sister preceded her in death, three years ago. Also she is survived by one half sister, Mrs. Mary Lemon of Ottawa, Kansas and three half brothers, Thomas of Kansas City, Mo. Jas. of Jacksonville, Ill., and Charles of Murrayville.

GETS APPOINTMENT

Col. O. C. Smith has just received an appointment as chairman for Morgan county of the Citizens' Military Training Camps.

Col. Smith states that he will give the public full information as to the training camps and quota of young men that this country will be entitled to at a date in the near future.

SEED CORN

You can't afford to wait until you are ready to plant before ordering your corn for seed. Neither can you afford to plant seed that has not been tested and proven.

VISITORS IN FRANKLIN

Miss Ruth Webb of Chicago, Misses Dorothy and Katherine Smith of Covington, Ind., Miss Alma Rush of Pittsfield, Misses Mary and Harriet Hall of Jacksonville and Miss Helen Massie, all students at Illinois Woman's college, are spending the Easter vacation at the home of Miss Masie in Franklin.

PRODUCE MARKET PRODUCE

Bad roads, due to rainy weather, have held back considerably the receipts of eggs, and as a consequence, the market has shown some advance. The general opinion seems to be that production is very heavy and prospects are favorable for heavy receipts in the next few weeks, which will possibly bring about lower values, as the present level seems to be higher than the consuming trade cares to pay.

Bad weather conditions have resulted in a smaller quantity of butterfat being marketed, and as the demand for butter is very heavy at present time, the market has shown some advance. The present rains, however, should mean better pastures and heavier production within the next few weeks, resulting in lower prices.

There has been a good demand in the past few weeks for live poultry for the Jewish holidays, but with these now past, the general tendency will be for lower values.

CORRECTION

In the account of the Board of Education meeting which appeared in the Journal Saturday it stated that Metcalf, Fidler and Rogerson composed the committee named for the Teachers and Course of Study. Metcalf, Fidler and Roberts composed this committee.
